

Incoming Grade 5 - Math Summer Assignment 2026

Complete 300 minutes of IXL in ANY OF the following **4th Grade Skills**:

You do not need to do all sections, choose topics you are interested in. I have highlighted the sections that you most need practice with.

A: Place Value

D: Addition

E: Subtraction

H- I: Multiplication

J-L: Division

N: Multi step word problems

P-T: Fractions

AA: Money

EE: Measurements

HH: Perimeter

II: Area

JJ: Lines and Angles

KK: Angle Measurement

Please Complete: **300 Minutes**- When you reach this goal you have completed your Math Summer Assignment. It might be helpful to try to do 150 minutes by 7/31 and the other 150 by 8/31. It is never a good idea to wait until the last day.

Scoring Rubric:

- Completion of **all 300 minutes**- Grade 100%
- Completion of **250-299 minutes**- Grade 90%
- Completion of **200-249 minutes**- Grade 80%
- Completion of **100-199 minutes**- Grade 70%
- Completion of **99 minutes and below** - Grade 60%

*Your completed summer assignment will be graded and included in the First Quarter Marking Period. All work must be completed by Tuesday September 8, 2026. Any questions contact us through Google Classroom.
