

# Stations of the Cross

**St. Mary's Station's of the Cross will be set up soon on our side lawn.**

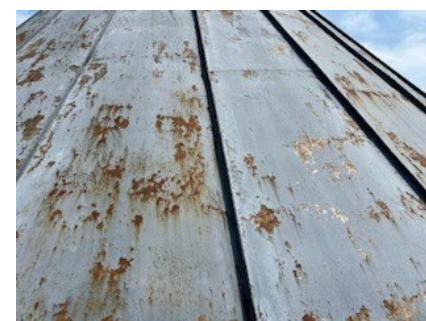

**These stations can be viewed in the alcove at St. Mary's Church .**

**Plans are still in progress regarding setting up the Stations, floral gardens, statues of the Saints , sitting benches ,etc.**

**This is a very exciting time for us!**

**Sponsorships will be available for you to purchase a station in memory of loved ones ...**

**More information to follow in the weekly bulletins.**

**Repair work at St. Mary's Rectory is in progress. Mater Dei's Parish Council recommends addressing these immediate issues that have been discovered in our rectory . The project is estimated to cost \$37,900.00**

A partial donation has been made by a generous donor towards the estimated cost. The flashing along some of the front circular porch has pulled away as well as the area along the garage roof causing leakage between the exterior granite wall and the roof of both the porch and the garage. The inspection also noted that many slate tiles on the

southern side of the main roof are missing which causes the wood to be exposed.

Because of it the estimated costs has increased to a total of \$ 6, 500.00.

If God prompts you to help in this project please call:

(802)334-5066 or
