Academic Achievement

We collaborate with parents to support at-home learning.

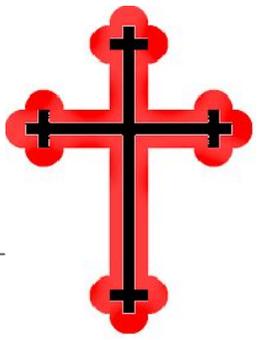

By using a variety of Learning Platforms such as Google Classroom, Zoom, Khan Academy, Kahoot, See Saw, etc. parents can monitor students' progress and take an active role in daily instruction.

Academic Achievement

The Classroom DoJo App facilitates direct communication between the teacher and the parents. While Covid-19 precautions prohibit in-school volunteering, parents are undaunted and remain committed to supporting our students, faculty, administration, staff and school community.

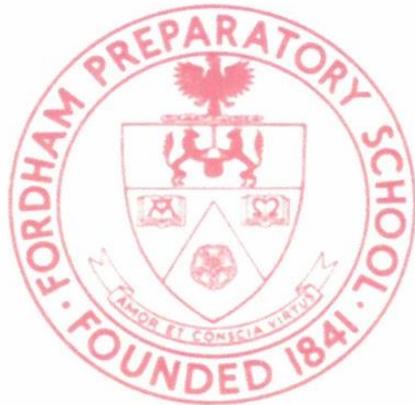

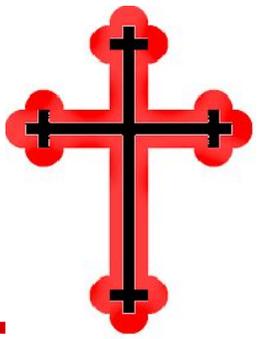

Academic Achievement

In 2020, St. Anthony School graduates were offered full and partial scholarships by Catholic and private high schools totaling over \$110,000.

This year's graduating class received acceptances to the following high schools:

Health & Safety

Here's a look at the Health & Safety Protocols we put in place when we opened school in September, 2020

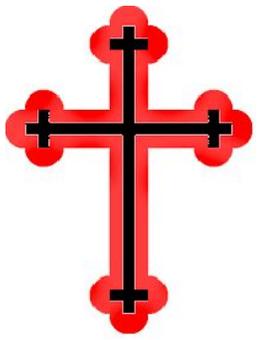

Every child's health and safety was at the forefront of every decision we made.

You can see some of the innovations we introduced for the 2020—2021 School Year:

- Daily health and safety checks for all personnel and students upon entry to building
- Physical plant sterilized throughout the day and at its close
- Safety protocols to control student traffic and limit student contact outside of their cohort
- Masks are worn by all Faculty, Staff, and students throughout the day
- Touchless dispensers for sanitization throughout the building
- In-school and remote learning options for students
- Staggered arrival and dismissal time

What Parents Say...

- *As an alumna of St. Anthony School, I value the Catholic education and wanted to give my children an environment that teaches love, care, and concerns for others as part of their curriculum. St. Anthony's teachers and employees are kind and dedicated to the children and bring the love of Christ into the classroom. Our school has a strong sense of community with various charitable activities and has various sports and other activities, both fun and structured for success. ~ Lori Riolo*
- *Being a Catholic family it was important for us to raise our kids in a Catholic environment. St Anthony School has been in our community for a long time. St Anthony offers a good solid religious education as well as strong ties to the parish and community. This is why we chose to send our two daughters here. ~ Frank and Jeanne Aulicino*
- *My husband and I decided to send our children to Catholic school for a quality education and to be surrounded by faith and the Church. St. Anthony School has blessed us with a smaller class environment providing more individualized attention. The faculty and members of the school have become more of an extended family providing us with a warm and comfortable environment for everyone. ~ Tracey Angelori*
