RE: Re-Registration & Transportation Forms for 2024-2025

Our enrollment/re-registration process has begun. All families should have received a link from Tads to re-register. If you have not received one please let me know. The registration fee per child is \$100 if registration is completed by April 15, 2024. After April 15th it will be \$200 per child.

In today's folder you will find transportation forms for the upcoming school year 2024-25 according to which school district you reside in.

Please return all completed forms back to me by Friday, March 1st. I will keep a copy, get them signed and then get them to the appropriate transportation office. If you require after school transportation to a daycare provider, there is an additional separate form that you will need. Please contact me if you need one.

Thank you in advance!

God Bless

Regina Berish
