“Then, Simon Peter arrived after him, he went into the tomb and saw the burial cloths there, and the cloth that had covered his head, not with the burial cloths but rolled up in a separate place.

“Then the other disciple also went in, the one who had arrived at the tomb first, and he saw and believed. For they did not yet understand the Scripture that he had to rise from the dead.”

– John 20:1-9

**Communication is very important
and very much a part of our daily lives.**

We use cell phones/smart phones/laptops/and computer devices in our jobs, daily life, and at school. Games/news/electronic communication are at our fingertips 24/7.

**However, all this texting, swiping, and scrolling
can lead to physical health issues.**

Eye strain and neck pain, as well as injuries to the hands, wrists, elbows, and especially thumbs, can all be sign you're spending too much time on your phone.

**Plus, accidents are more prevalent when walking/
driving while talking or texting on a cell phone.**

Take time to check the info on the Dining Hall bulletin board and read about ways to lessen the strain these electronic devices have on our bodies. The bottom line is:

GIVE YOURSELF A BREAK!
