

ST. RITA SCHOOL

MATH IXL SUMMER REQUIREMENTS

For this year's summer requirements, St. Rita students entering grades 2-7 will utilize IXL to review math skills. Remember these skills are REQUIRED and will be graded.

To access the IXL skills, students will:

1. Log in to IXL (via www.ixl.com/signin/archdioceseno) *Note: the website MUST be the archdioceseno website in order to access IXL. A link can be found on the SRS website*
2. Using the credentials listed below, click login.
3. Click on the icon of the magnifying glass at the top right corner of the screen.
4. Here you will type in the shortcut code that is listed in the table below to access the skill your child will be working on that day.

Students should work independently to complete each of the skills listed and all progress in the skill will be saved automatically as long as the student is signed in to his/her account.

In order to receive credit in August, students must complete all 10 listed IXL skills to a smart score of 75% or higher on each skill. Skills must be completed by August 21.

For families new to this program, IXL is a comprehensive learning program offering unlimited practice problems in thousands of skills—all of which are aligned to our curriculum. One of the best things about IXL is that your child can access it from home, so you have a chance to see your child's progress! If you would like to have your child work on skills beyond the ones required, you can!

In addition to making practice exciting, IXL is designed to help your child learn at his or her own pace. The program is adaptive and will adjust based on your child's demonstrated understanding of the material. You can monitor his or her progress anytime by clicking on the Analytics tab at the top of the page.

IXL Login Information:

Username: firstnamelastname733@archdioceseno (all lowercase, no spaces)

Password: trotters

Grade Level: 1 (Incoming 2nd Grade)

Name of Skill	Shortcut Search Code
Comparing: how many more or fewer (with pictures of cubes)	Y9D
Write addition sentences for word problems with pictures - sums up to 10	6R9
Subtraction sentences up to 10: which model matches	MGG
Add doubles	DFT
Addition facts sums up to 20	6TM
Use ten frames to subtract	QRP
Subtraction facts up to 20	PV5
Build and break apart two-digit numbers - with models	EAN
Complete a pattern	HHW
Count sides and corners	VUQ

Sincerely,

St. Rita Administration

St. Rita School
SUMMER READING REQUIREMENTS

Dear Parents,

Did you know that children who do not read during the summer can lose up to 20% of their reading gains?! In an effort to not have our students experience the “summer slide” AND to help foster a love of reading, incoming second grade students will complete a reading log.

This reading log is REQUIRED and will be counted as a grade.

Here’s how it works:

- All students must pick ten books to read.
- Fill in the log with the title of all books your child reads.
- After reading all ten books, your child will complete the back side of the reading log by choosing his or her favorite book. Write three complete sentences explaining why this book was your favorite.
- This reading log is due on August 21 for a grade in ELA.

This is meant to establish a love for reading in your child, so pick topics your child enjoys!

Although your child can pick any ten books on his or her reading level this summer, we encourage you to help your child pick one challenging book.

Sincerely,

1st and 2nd Grade Teachers and St. Rita Administration

*If you have any questions, please contact Kristi Clewis kclewis@stritaharahan.com or Kassie Britz kbritz@stritaharahan.com
