Dear Saint Mary Families,

“IT’S HERE!”

How do we know? What truly marks the moment for us is when we see the anticipation in the children’s faces. They really begin to glow this week – some would even say that ‘Family Festival Fever’ symptoms rival those of ‘Spring Fever!’ As soon as the tents are raised – the symptoms begin – dizziness, silliness, difficulty focusing....By the time the children are dismissed from school on Friday afternoon, and get a peek at this year’s Inflatables in full bloom, the emotional roller coaster has just about pulled into the station. Now, they are ready for the main attraction, and so are we –

The 2023 Saint Mary Family Festival – Enjoy the Ride!
