Scripture: (Why) Do We Need It?

Where do you go when you want an inspiring text? Podcasts? Spiritual writers? YouTube evangelists? But, for many people, not the Bible: it seems dated, quirky, challenging, difficult, and we have heard it all before. To help us take another look, Sr. Barbara Green, OP, distinguished professor of Biblical Studies, will open up these ancient writings. How is the Bible at work in our lives, how we can get at its heart and it to our hearts more productively.

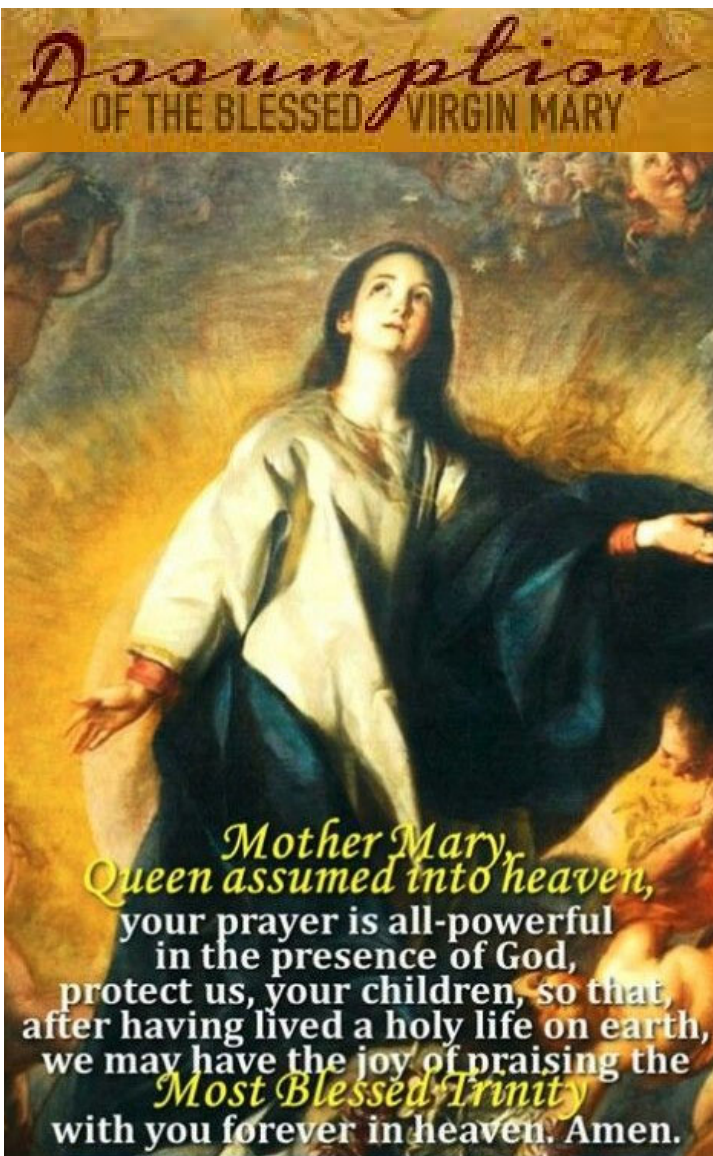

Scripture: Why Do We Need It?

Lecture by Sr. Barbara Green, OP, PhD

August 16th, 7 PM, Centennial Hall, St. Anselm Church, 97 Shady Lane, Ross. For information regarding the August 16th program, contact info@saintanselm.org. Public Health protocols will be observed.

This lecture will be followed in subsequent weeks by a series of classes: ***Psalms In Our Lives***, beginning **August 23rd, 10:30 AM in person at Grand Avenue, San Rafael, and on Zoom.**

To register for the series of lecture/discussions on the Psalms, contact Sr. Barbara Green, OP, at barbara.green@sanrafaelop.org

Family Planning Can Improve Marriages

Natural Family Planning (NFP) has been shown to improve marriages - published studies have shown increased marital satisfaction. It also greatly improves marital communications. NFP is free after the initial training, and empowers couples by giving them highly accurate information about their own fertility, rather than relying on a third party. Finally, NFP couples typically have extremely low divorce rates; one study of 1100 couples in CA showed a divorce rate of less than 2% over 24 years. Contact Ed Hopfner, 415-614-5547 hopfnere@sarchdiocese.org if you are interested.
