

JUBILEE 2025 PILGRIMS OF HOPE

St. Lorenzo Ruiz Catholic Parish Community

5th Sunday IN ORDINARY TIME

Jesus said to his disciples:
"You are the salt of the earth.
But if salt loses its taste, with
what can it be seasoned? You
are the light of the world. A
city set on a mountain cannot
be hidden."
- Mt 5:13a, 14

Excerpts from the Lectionary for Mass ©2001, 1998, 1970 CCD.

May you continue to be a source of the enhancement in other people's life, by bringing light into their darkness and providing a sense of hope in them.

Life can be dull and lack excitement at times. It can be downright oppressive at other times. What helps us keep going is by having something or someone bring a bit of encouragement and hope to us. We can begin to see more clearly and experience some of the GOoDness that is always present, but that GOoDness needs to be brought out more. GOD is always with us, but we often fail to see and taste the GOoDness of the Lord Jesus. We need others to shine some light on our situation and bring out the flavor of that which is GOoD in us and in our situation. We also need to be the source of enlightenment and enhancement in the bland and/or dark lives of those around us. We need to help them focus on the GOoD that is there. That is our responsibility as disciples of the Lord Jesus.

Happy World Marriage Day!

To all our married couples: thank you for being a visible sign of God's invisible grace and for building your homes on the foundation of Christ.

Bring your old palms
before Sunday, Feb. 15 @
6:30pm Mass

The personal question/action for today: How have I been salt to others, preserving that which is GOoD in their lives, enhancing their lives, and providing healing? In what ways have I helped to shed light on those who are experiencing darkness in their lives? What further can I do to bring the GOoDness of the Lord Jesus to someone today? This week?

DID YOU KNOW?

The real dangers of pornography exposure
We know that pornography is a great evil, and easy access to the internet makes it all too likely that many children will be exposed to pornography at increasingly young ages — even if they are not actively searching for it. Children who are exposed to pornography are more likely to be abused, or to be desensitized to inappropriate behavior in their own relationships. Pornography can also change a child's brain, activating dopamine in patterns similar to substance addiction. For more information, read the VIRTUS® article "The real danger of children being exposed to pornography" at lacatholics.org/did-you-know.

¿SABÍA QUE?

Los peligros de la exposición a la pornografía
Sabemos que la pornografía es un gran mal, y el fácil acceso al internet hace que sea muy probable que muchos niños se vean expuestos a ella a edades cada vez más tempranas, incluso aunque no la busquen activamente. Los niños que están expuestos a la pornografía son más propensos a sufrir abusos o a volverse indiferentes ante comportamientos inapropiados en sus propias relaciones. La pornografía también puede alterar el cerebro de un niño, activando la dopamina en patrones similares a los de la adicción a las sustancias. Para mayores informes lea el artículo de VIRTUS® "The real danger of children being exposed to pornography" (Los peligros de la exposición a la pornografía) en lacatholics.org/did-you-know.
