## 2024

As the calendar year changes from 2023 to 2024, we begin our second half of the 93rd school year, and start preparations for our upcoming 94th (2024-2025) school year!!!!

Registration packets for the 2024-2025 school year will be sent home with students upon our return to school from the holiday break. In order to prepare properly for next school year, it is important to receive registration forms by the end of January. If you have a child that is currently attending and a child that will be attending next school year, you may register that additional child during this time.

New student (new families) registration will begin in February.

## School Calendar

Each month's calendar is outlined in our monthly Newsletter; however, as a reminder, the calendar located on the school's website is always the most current event information source. The calendar is current and updated through the end of May, 2024.
