

October Letter: Feliz Mes de la Hispanidad

KDG.- We will continue learning our vowels, numbers, and colors. We will celebrate Coumbus day and review a little bit of history. We will learn the days of the week. We will talk about the sizes of things and a little bit about math.

First grade; We will keep going through our numbers and colors and practice our greetings. We will learn about our days of the week and talk about Columbus Carabelas. We will work with the different sizes of things and practice our first-person verbs. We are learning positions like up and down in Spanish.

Second grade We are practicing our greetings and numbers and will learn days of the week and sizes of things. We will keep practicing verb “to be” (first person). We will be celebrating Columbus Day and learning some of the history. We will keep building our vocabulary and adding “persons” to work with the verb “to be”.

Third grade We will talk numbers, sizes, vocals and the verb “to be”. We will go through the days of the week and learn about Columbus Day.

Fourth grade We will practice simple math operations, talk sizes, and refresh our days of the week and months of the year. We will talk about Columbus Day. We will keep practicing the first form of the verb “to be”.

Fifth grade We will work more with the verb “to be” on both forms. We will introduce the verb “to have”, and we will keep practicing our simple math operations and our days and months.

Sixth grade We will work more with our “to be” verb in its 2 forms. We will learn the verb “to have” and other vocabulary. We will talk about sizes of things and how to describe people, locations, and things. We will talk about history of Christopher Columbus and his Carabelas.

Seven grade We will keep practicing our writing and reading. We will learn more vocabulary and introduce the verb “to have.”

Eight grade We will keep discussing math, verbs, and history and practice our writing and oral communication skills. We will celebrate Christopher Columbus Day.
