

What's the Good News?

Good News Preschool April 2026

It is hard to believe but we only have 7 more weeks of school here at Good News! This month will be very busy as we jump full force into spring and Easter and bugs!. We will study the life cycle of the butterfly from egg to butterfly and we will witness the metamorphosis as the eggs hatch and grow into caterpillars and build their chrysalises and burst into the world as beautiful Painted Lady butterflies!!!

Hopefully our butterfly garden will shape up with the warm weather and provide an enticing oasis for the butterflies to visit after we release them.

Some songs you may hear around the house or in the car are: "There Will be Flowers in the Garden in the Spring", "Five Little Lady Bugs" and "Rain and Thunder".

Our letters for April are Short Uu, Vv, Ww, and Xx. Yellow is the color of the month!

We will have an Easter egg hunt first thing in the morning as soon as everyone arrives at school on Tuesday, April 7 & Wednesday, April 8 - parents and younger siblings are welcome!

We are hoping to go strawberry picking at Swann Farm sometime in May. Once we determine the dates, we will let you know.

Beach Day is coming in May! Each class will make a trip to Breezy Point for a fun family morning at the beach! This day is designed to be an unstructured, relaxing experience with opportunities for the children to interact with their friends, hunt for shells and sharks teeth, play in the sand and maybe even the water!! Pack a lunch and all the necessities for a day of fun! We meet at the Breezy Point beach at 9:30AM — May 14 for the T-Th class, May 15 for the MWF class.

There is a small fee for the outing; more details coming soon.
