

A Loving, Safe Environment Where Fun Builds Excitement About Learning

Your little one is already learning so much, so quickly! Along with the nurturing, loving care we give each child, our primary goal at this age is to help children experience the fun and joy that leads to early excitement about learning and spiritual growth.

As an early elementary parent, you can expect:

- A family-like atmosphere where students feel safe and comfortable in their school.
- Smaller classes, which allows for more one-on-one interaction.
- Dedicated staff who will provide the best opportunities for your child to learn academically and spiritually. This includes a lead teacher and classroom aide or aides.
- Opportunities to experience enrichment activities such as library, gym, music, art and faith-based education (prayer/values).
- Flexible payment options to best fit your family. Preschool costs are calculated by hours on campus, over 9 months. Young Fives follows the Y5-8 tuition model, over 10 months, offering tuition assistance.

Preschool Curriculum

Each of our programs follow a curriculum that covers language, mathematics, science, social studies, religion, handwriting, fine and gross motor skills and music.

All programs incorporate individual, small group and large group work through hands-on activities. Programs encourage not only the academic development of the children, but the social and emotional development as well.

Before and after school care is available for full day students. Would you like to see more? Personalized family tours are available daily and can be easily scheduled with our admissions team.
