

You want the best for your child, **we do too!** Our team is here to help you select the best preschool experience for your child to thrive in school!

Your little one is growing, exploring and soaking up new experiences every day. Choosing the right educational environment helps nurture that natural curiosity while supporting their early academic and spiritual development. As you consider what feels like the best fit for your child and family, the Nouvel Catholic Central admissions team has gathered a few helpful tips to guide you.

MAKE A LIST OF PRIORITIES

A helpful first step is figuring out what works best for your family's routine. Do you need a full day or half day? Would before or after school care be beneficial? Do you need an option for all five days or are you looking to slowly introduce your child in a two or three day setting? The answers to these questions will serve as an excellent starting place and help guide your search.

EXPLORE AVAILABLE OPTIONS

Each school setting usually offers a variety of program options to match different family needs. As you consider your child's personality and learning style, think about things like classroom structure, play-based learning, child-initiated activities and whether the program uses age-specific or multi-age classrooms. You may also want to compare a traditional curriculum with Montessori-style approaches. It's also helpful to ask about enrichment opportunities, such as library, gym, music, art and Spanish, as well as what parent involvement looks like. Class size, student-to-teacher ratios, and the level of individualized attention can all play a meaningful role in your final decision.

VISIT THE SCHOOL

Visiting the school with your child is one of the best ways to get a true feel for the environment. A personalized tour gives your family a chance to step inside the classrooms, explore common spaces, observe students in action, and ask any questions you may have. It also allows you to see the school's safety and security features firsthand for added peace of mind.

ASK QUESTIONS

Some of the best insights come from other parents. Do you know families whose children currently attend, or have attended the school? They can share what they've appreciated as parents and what their children have enjoyed most. The admissions office is also here to guide you every step of the way, helping you feel confident and prepared before enrolling your child.

CONTACT NOUVEL

Our friendly admissions team would love to meet your family and explore all the options available for your child to thrive at Nouvel Catholic Central. Scheduled your personalized visit today!
