## Message From Mr. Brown

Happy 2026!

Well, I have to say, it was a little difficult to wake up and come to school today. This was an incredible holiday break and the time off was much appreciated. However, once our kiddos started entering school, all of the apprehension melted away. This is a great place to be.

As we venture into 2026 I am reminded of our mission, building disciples of Jesus Christ through quality Catholic education. It is very easy for all of us to get caught up in the daily grind of what we are doing in our lives. So many of us are pulled in many directions with many commitments. However, all of those pale in comparison to our jobs of building disciples of Jesus Christ and it is our job to supply the quality Catholic education component.

It is my hope we can continue to work together in helping to make our mission come to fruition.
