It's Angel Tree time!

If you know someone who could use some help with gifts this Christmas, please call Rita West 701-213-7275 or Julie Brorby at 701 740 2906. All names are confidential. We hope to have the tree up by Thanksgiving. If you take a name PLEASE REGISTER YOUR NAME ON THE LIST. We have had serious problems in the past trying to locate missing gifts and nothing is listed on the register. This often happens when children take the angel and don't write it down. God bless!

Jehovah's Witnesses Predict the End

Jesus assured us that he would come again at the end of the third period, but he didn't tell us when. He gave some generic indications that the Age of the Church would be full of difficulties, suffering, and hardship - and the first two thousand years of Church history have proven that indication true. But he specifically chose not to reveal the exact day and hour: "you do not know when the Lord of the house is coming, whether in the evening, or at midnight, or at cockcrow, or in the morning." Even so, throughout history many good Christians, and many heretical groups, have become obsessed with the details of how and when this will occur. One of these current, fast-growing groups is the Jehovah's Witnesses. Also known as the Watchtower Society, it was founded in 1884 by Charles Taze Russell. Since then it has grown to over 6 million members and 91,000 congregations in 235 different countries. According to their own statistics, they add almost 300,000 new members every year. Members commit to 5 weekly hours of door-to-door witnessing, leading a monthly Bible study, and selling a dozen subscriptions to their Watchtower magazine every month.

**A PRAYER FOR THE  
First Sunday of Advent**

God of light and life,  
give us hope as we wait  
for your coming again.  
When we are tempted  
to be grateful to have found you  
while others are lost,  
send us out into the darkness  
in search of those  
who need you most.  
Amen.

Although they use Bibles and claim to be Christians, they deny most of the basic doctrines of the Creed, like the Trinity, the divinity of Jesus, the reality of grace, and the existence of Hell. One of the characteristic aspects of their doctrine has to do with predicting the end of the world. The Founder, Charles Russell, predicted and prepared for Jesus to come again in 1914. He died, disappointed, in 1916. The new leadership revised the prophecy for 1925. Later, they revised it again, predicting that Jesus would come at the end of World War II. Another revision moved the date back to 1975, and still another to 1989 - all of these predictions were published in The Watchtower. It is good for us as Catholics, members of the Church that Jesus himself founded, to be aware of groups like this, who are greatly mistaken in their efforts to follow Christ. We should never let ourselves or our loved ones be deceived by them. We should be grateful that Christ's own Church has preserved the true doctrine: that Christ will come again in glory, and that, like good servants, we should live every day with that in mind.
