

2026-2027 Tuition Assistance Form

Timeline, Information, and Directions

Applications from current families will be considered before applications from new families. Gradeschool applications will take priority for financial assistance over Preschool applications. Filling out a Tuition Assistance Form does not guarantee assistance. Applications are open through May 1st, 2025. After May 1st, we will evaluate and consider all applications on a case by case basis and assistance will be more limited. Please note that, even when assistance is received, all of our families make financial contributions towards tuition. *We cannot offer full scholarships or full tuition relief at this time.*

New families (new to St. Mary's for 26-27) may submit applications after their student has completed their enrollment packet. If the enrollment packet is not complete, or records from the student are incomplete, aid may not be considered.

Only 1 Form is required per family. This form should be returned to St. Mary's School together with a copy of the most recent **Income Tax Return Form 1040 from 2025** and any other applicable income verification. Incomplete applications without supporting documentation will not be considered. (Copies of supporting IRS schedules are not required). **At minimum, a copy of a 1040 Tax Return Form from 2025 is required to be considered for financial assistance for 2026-27 Academic Year.**

By completing and then signing this document, you are verifying that all the information you provide is true and accurate to the best of your ability.

Name of St. Mary's Student(s) _____

Student Student Student
