10-12 Year "Super Goals"

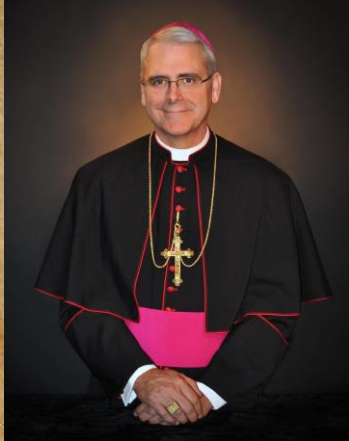

Three Questions:

- 1) Do you agree with the Strategic Pastoral Directions – the “Super Goals” that have been identified? Is there something we are missing?**
- 2) Help us articulate the end goal for these Super Goals. In 12 years we would like to see us as a Church doing ?? in each of these five areas?**
- 3) Help us map out and prioritize the first steps. What practical steps should we take in each of these five areas to begin pursuing these Super Goals in the first three years of our new Pastoral Plan?**
