We have indicated the subjects for folders, notebooks, and book covers, because we recommend color coordinating the notebooks, folders and book covers so that items are easier to find between classes.

Because teachers like to create different experiences for students, some teachers may ask you to get additional school supplies that are not listed on this list. The first week of school teachers will give you information about any additional items you may need (3 x 5 index cards, extra folders etc.). We recommend buying more than the quantities listed here because students will need to replenish their supplies throughout the school year. Take advantage of back-to-school sales!!
