School Off Limits

The Kindergartener

A Kindergarten teacher was observing her classroom as the children drew pictures. The teacher would occasionally walk around and see each child's artwork. As she approached one little girl who was working especially hard, she asked what the drawing was.

The little girl told her: "I'm drawing God!"

"But sweetie," the teacher replied, "no one actually knows what God looks like." Automatically, the little girl continued drawing and said, "well, they certainly will in a minute!"
