

Sand Dough

Combine sand with flour, water and white glue to make a no-cook dough that can be used to make gritty sand-like sculptures.

STEPS

1. Measure out flour and water. Measure out 2 cups all-purpose flour and $\frac{3}{4}$ cup water in a large bowl.
2. Knead the **dough**. Mix and knead to come up with a somewhat soft **dough**.
3. Mix in the **sand**. Add 2 cups **sand**. ...
4. Add white glue. ...
5. Add more **sand** as needed. ...
6. Add color. ...
7. Knead until color is even. ...
