ST. MICHAEL'S CEMETERY MARKER CLEANUP PROJECT

We will be conducting a Cemetery Marker Cleanup Day (October 28th) at the St. Michael's Parish Cemetery (on the Church grounds). We will be cleaning the moss and lichen that darken the markers and straightening a number of the markers that have begun to lean. We will avoid deep cleaning some of the larger stones that are more fragile and are in risk of breaking further.

We will be using a product called D2 which is the approved product by the Texas Historical Commission and the National Parks Service. It is safe to be used around people, pets and the environment. We will not be using any power washers or metal brushes. Men, please bring your shovel to help straighten the stones and if you have a tamper, please bring it as well.

Work will begin at 8:30 a.m. and continue until 12:30 p.m. Paul Spana, Archeology Steward of the Texas Historical Commission is expected to attend to assist.

Adults and teenagers are encouraged to help in this worthwhile project. This would be a great opportunity for our young adults to participate in a community volunteer project. It is also a great way of honoring those who have gone before us.

If you have any questions, please contact, Larry Besong.
