Give A Child  
 A Lifetime  
 of Faith

Santo Niño  
 Regional Catholic  
 School

## Our Mission

### Catholic Faith

Santo Niño gives our students the **Heart of Jesus**. Our students have the opportunity for prayer and adoration every day. They attend Mass each week. We prepare our Angels for their sacraments through daily religious instruction.

### Community Service

Our Niño Santos are given the **Will for Action**. Students who attend Catholic Schools are number one in the percentage of high school and college students who participate in civic activities such as volunteering and voting. Our students participate in community activities both at school and in their parishes.

## How Will You Help Give a Child a Lifetime of Faith?

### Sponsor an Angel

\$6,000.00/year

### Recurring Donation

\$25.00-\$1,000.00/month

### One Time Donation

\$25.00-\$1,000.00

### Planned Giving

Remember us in your estate planning.

### Academic Excellence

Our students develop a **Mind** and intellect that allows them to think critically and to make good, morally founded decisions. The outstanding education our students receive also provides them with opportunities for further education. Ninety-nine percent of Catholic School students graduate and eighty-eight percent go on to a four year institution. Catholic School students also score up to twenty percent higher on nationally normed assessments and receive more in scholarships.

### Gospel Values

Our school gives students a foundation in **Moral Character** and integrity. Catholic School students are fifty percent more likely to report feeling safe at school. They are also less likely to report participating in risky behaviours such as drug and alcohol use and absenteeism. There is a higher likelihood that students will make better, safer decisions in an environment where Catholic values are taught.
