Armed Guardians

TACTICAL RESPONSE

When we didn't detect or observe someone, and they pose an immediate threat to life, the armed guardians would need to respond.

Utilizing discreet tactics, they are tasked with responding to suspicious activity and/or other emergencies trying to restore order.

They will be armed in a discrete and concealed manner to respond to deadly force situations ONLT when an immediate threat of death or serious bodily injury is presented, and no other options are available in order to save lives.

SAINT ANDREW

GUARDIAN MINISTRY

Various types of emergencies can occur anywhere and at any time in our Church and School. First responders are overwhelmed and can no longer face all of these problems alone. A Guardian Team ministry is being developed to step into the breach and help protect our brothers and sisters in Christ while working in cooperation with local first responders. We will incorporate a greeting ministry, usher ministry and a medical team to help observe and report problems or emergencies while maintaining a friendly and welcoming atmosphere. These volunteers will receive free training from Guardian Response on what to look for and actions to take under stress to help maintain the safety of those around them.
