Saint Frances Cabrini

1850 — 1917

FEAST DAY — NOVEMBER 13

In 1946, Mother Cabrini was the first U.S. citizen to be canonized; she is the universal patron of immigrants. She was born in Italy, the youngest of 13 children, and became a schoolteacher. Denied admission to two religious orders because of frail health, she was given charge of an orphanage in Codogno. In 1880 she founded the Missionary Sisters of the Sacred Heart with seven of her former orphans. The order spread rapidly from northern Italy to Rome, and then in 1889 to New York City, where Mother Cabrini became famous for her work among Italian immigrants. Before dying of malaria in Chicago, she had opened schools, orphanages and hospitals around the United States, South America and Europe.

CATHOLIC WEYMOUTH WINTER COAT DRIVE

Catholic Weymouth's Religions Formation Program is hosting a Coat Drive. We are requesting donations of new or gently used warm coats in **ALL SIZES** (Babies, Toddlers, Boys, Girls, Men's and Women's). Please place your donations in a bag and leave at the Hackett Center at Immaculate Conception Church during Religious Formation on Sunday mornings or at the parish office during regular business hours. The St. Vincent de Paul Society will store these coats in their Stoughton facility and distribution will be made to those families living in shelters throughout the Archdiocese. Donations will be accepted through December 3. We thank you for helping those less fortunate in our Archdiocese.

A PRAYER FOR OUR VETERANS LIVING AND DECEASED

*Lord God, Almighty Father, creator of mankind
and author of peace, as we are ever mindful of
the cost paid for the liberty we possess, we ask you
to bless the members of our armed forces. Give them
courage, hope and strength. May they ever experience
your firm support, gentle love and compassionate
healing. Be their power and protector,
leading them from darkness to light.*

*Bless our deceased members of the armed forces.
We are ever reminded that we who are left behind
cherish their spirit, and continue to honor
their commitment.*

*We ask all of this through
Our Lord and Savior, Jesus Christ. Amen.*

Special Collection for the Retired Sisters of the Archdiocese of Boston

A token of thanks for a lifetime of service

Religious sisters have been influential in so many areas within our Church and here in Greater Boston. Certainly, we know of their impact in Catholic education and health care services, but we have also seen them working and advocating at the forefront of challenging societal issues such as homelessness, immigration, environmental responsibility, and social justice. Together, they share a beautiful commitment to prayer, community, and ministry - and a humble obedience to the Holy Spirit.

Next week's collection helps provide for the needs of our nearly 1,500 Retired Sisters who have dedicated their lives to serving the Greater Boston area, providing for their needs, including health care and retirement expenses not covered by social security benefits. Every gift impacts the lives of these wonderful women and allows them to journey forward knowing they are blessed with the support and care that they need.

Next week, please let your hearts be guided to generously support them for their many years of service to Christ, to our communities, and to the greater Church.

If you would like to send your donation directly, you can send a check made payable to the Archdiocese of Boston to Sister Germana Santos, FSP, Delegate for Religious, 66 Brooks Drive, Braintree, MA 02184.

THE SOLUTION FOR YOUR CHRONIC PAIN!

"Ever since I was a teen, I've had debilitating migraines."

"My knee injury is why I gave up sports."

"I've had arthritis for as long as I can remember."

"I get a shooting pain from my lower back that prevents me from walking."

What do all of these people have in common?

They suffer from **chronic pain**. In the US, it's estimated that more than 20% of adults experience chronic pain – that's roughly 50 million people! Although more common among older adults, young individuals fall victim to this as well.

Chronic pain is any kind of significant pain that's stuck around for weeks, months, or even years after the initial injury or condition that caused it has healed. For patient Rebecca C. of Marshfield, age 38, after being injured in a car accident, this meant the inability to walk for nearly 2 years! "My back and hip pain were so debilitating that I found myself bedridden for the majority of my days until I finally tried acupuncture. With each treatment, I feel like I gain at least a sliver of my life back," she remarks.

At **New England Wellness Solutions**, Acupuncturists, and brothers, Bryan and Jimmy Duong believe they hold a large piece to the chronic pain puzzle. "Having helped a multitude of chronic ailments, we have seen time and time again how healing acupuncture can be for people. We pride ourselves in working with our patients to come up with the best solution specifically for them. To supplement our sessions, we discuss appropriate lifestyle tips and tricks to benefit them beyond our clinic's walls," Bryan explains.

Managing chronic pain can be challenging. **Treatment often requires a personalized multidisciplinary approach.** This may include lifestyle modifications, physical therapy, psychological counseling, medications or supplements. Since complete relief may not always be possible for every individual, the ultimate goal is to improve overall quality of life and functionality.

"I may still be unable to dance, but at least now I am able to comfortably stand on two feet! Before I started here, I never anticipated being able to walk again as acupuncture was honestly my last resort in a long line of attempted treatments, but look at me now!" Rebecca shares.

Almost all of our patients come to us with stories similar to Rebecca's. They've been everywhere else. They've been told there's no hope. They've heard, "It comes with aging," shares Lynne, a Patient Care Liaison at NEWS. "It just breaks my heart but I know how much we can help people like Rebecca so I'm always so happy when they come through our door."

Western medicine is often quick to distribute medication as a bandaid or look toward more traditional, costly therapies, like PT, until they end up deeming the chronic pain "untreatable," as they did for Rebecca. This is the point that most people reach right before visiting us, which is why our patients, along with our Practitioners Bryan and Jimmy, embrace NEWS as **"the last resort with the best results."**

Oftentimes, chronic pain is caused (and exacerbated) by underlying medical conditions, injuries or surgeries, nerve damage, musculoskeletal issues, autoimmune diseases, and psychological factors. Because of this, our patients are generally seeking a hail mary attempt at pain management without the surplus of pills – or as we like to say, they're **"choosing points over pills."** At NEWS, Jimmy and Bryan help steer you in the direction of the most natural healing methodology to promote the best, and least toxic, results.

You may be thinking: *what exactly is this magical solution that Dr. Bryan and Dr. Jimmy offer that can reduce, or even eliminate, chronic pain?*

To maximize your results, we take the holistic approach. We'll sit with you to better understand your health background and underlying issue(s). From there, we'll determine the appropriate outlook for your sessions.

The process of Acupuncture Therapy is known to generate the following **pain relieving effects:**

- (1) **Endorphin release**, as it stimulates the body's natural pain-relieving chemicals.
- (2) **Modulation of pain signals**, altering the messages of the central nervous system.
- (3) **Anti-inflammatory effects**, alleviating pain that stems from inflammatory conditions.
- (4) **Improve blood flow**, promoting healing while reducing muscle tension.
- (5) **Nerve stimulation**, releasing neurotransmitters which can block pain signals and promote relaxation.
- (6) **Balance Qi (energy)** through the body's meridians since blocked or imbalanced Qi is believed to contribute to pain and illness.

When it comes to treating chronic pain, regardless of its origin, early treatment greatly improves the swiftness of your recovery. If you or someone you love are suffering from chronic pain that "just won't go away," it's important to know that there are options. **There is hope!**

Rebecca started out skeptical, but lives to tell the tale of her remarkable chronic pain recovery through the means of Acupuncture here at New England Wellness Solutions. Read various other success stories like hers on our website: **WWW.NEWWellnessSolutions.com** and don't forget to reach out to us after reading one with the thought: *"Hey, that's the issue I've been experiencing!"*
