LISTEN

As the season of Advent continues to grow in our lives and we are closer in time to the glorious celebration of Christmas, the good sounds of the season grow deeper and richer in our hearts.

Christmas gives us most joyous hymns that surround us and lift us up with wonderful reflections on Our Savior's birth, with all its love and radiating goodness to the world. However, the secular society we live in also bombards us with endless temptations to focus on our material needs and to buy stuff!

The first three weeks of Advent are all about watching, waiting, repenting and listening for signs of Jesus coming into our lives! In today's gospel we "hear" John the Baptist exclaiming as "one crying out in the desert" to "make straight the way of the Lord," to get ready for The Lord to come into our lives! John guides us to learn how to "see and hear" Jesus coming into our lives."

So, how do we use John the Baptist's example to meet and know the Lord Jesus Christ is in our lives? How do we discern our Messiah working to guide and love us?

Listen !!

Listen to all we meet and watch for ways that Jesus our Savior would act as He embraces us. We are invited to follow Him! Listen as we talk to Jesus and He helps us see the good all around us, in friends, acquaintances, neighbors, and strangers, all. Soon, perhaps we will search all whose paths we cross, for a glimpse of Jesus Christ in all!

Not very "Christmasy" But it is appropriate as we prepare during Advent to celebrate the baby Jesus coming into the world. Let us help all to meet Jesus and grow our relationship with God during Advent and celebrate what happened in Bethlehem over 2,000 years ago.

May we all enjoy Christmas and celebrate the holy night that changed history for all humanity.

God bless, Merry Christmas and a Happy Advent to all!!

Deacon Fran

Saint Peter Canisius

1521 - 1597

FEAST DAY — DECEMBER 21

This Doctor of the Church was born in Holland and studied canon law in Belgium before turning to the study of theology in Germany. In 1543, after meeting St. Peter Faber, one of St. Ignatius of Loyola's companions, he entered the Society of Jesus and soon became a well-known preacher. He attended two sessions of the Council of Trent and was an important figure in the post-conciliar Catholic revival in Europe. After completing his doctorate, St. Ignatius assigned him to renew the Catholic faith in Germany. As the Jesuit provincial in southern Germany, Austria, and Bohemia, Peter Canisius started schools, colleges, and seminaries. He wrote three catechisms in German and is credited with keeping the southern German peoples Catholic.

The "O" Antiphons are seven short verses sung before the Magnificat during Evening Prayer of the Church on the seven days before the vigil of Christmas. They each begin with the exclamation "O". Each of them ends with a plea for the Messiah to come. As Christmas approaches the cry becomes more urgent. Your family could prepare an O Antiphon House. All Weymouth students in Grades 8-12 are invited to participate in the 2023/24 Knights of Columbus Catholic Citizenship Essay Contest. This contest encourages today's youth to be more connected to their community and their Catholic faith through creative writing. The local contest is being hosted by Knights of Columbus Council #729. Student essays must

be original compositions of 500-750 typewritten words that address the following topic:

How can the Church evangelize in the digital age?

In Biblical times, the only way to "carry" good news was to bring it physically, walking from one place to another. Technological advances have opened up numerous additional communication channels, all of which we can use to amplify the rate at which we spread the Word. – Romans 10:14-15

1st Place Prize of \$100 Amazon gift card will be awarded, and their essay sent to the district finals.

Entry forms can be found at the main entrance to our Churches or you can download forms at www.weymouthkofc729.org

Submissions must be dropped at the Hackett Center parish office **no later than Tuesday January 16.**

We expect to complete judging and announce the winner in late January.

Good Luck and God bless.

THIRD SUNDAY OF ADVENT - GAUDETE SUNDAY

The Scripture readings of this third week of Advent are filled with thanksgiving, encouragement and joy, attitudes that are so needed in our lives. As you listened to the Scriptures today consider, what words reassured you, encouraged you, or gave you hope? Whatever words caught your attention, God intended them for you! Take those words to heart, and realize that, as St. Paul states in the second reading, "The One who calls you is faithful" and will do what he says!

HOSPITALITY AT IMMACULATE CONCEPTION

The Hospitality Ministry at Immaculate Conception has begun to offer Coffee and goodies following the 9am Mass on the first Sunday of each month. We are looking for folks to help with this ministry...either by baking, serving or helping with set up or break down on the first Sundays. Please email Jean at jeankal@comcast.net if you are able to help.
Thank you!

THE SOLUTION FOR YOUR CHRONIC PAIN!

"Ever since I was a teen, I've had debilitating migraines."

"My knee injury is why I gave up sports."

"I've had arthritis for as long as I can remember."

"I get a shooting pain from my lower back that prevents me from walking."

What do all of these people have in common?

They suffer from **chronic pain**. In the US, it's estimated that more than 20% of adults experience chronic pain – that's roughly 50 million people! Although more common among older adults, young individuals fall victim to this as well.

Chronic pain is any kind of significant pain that's stuck around for weeks, months, or even years after the initial injury or condition that caused it has healed. For patient Rebecca C. of Marshfield, age 38, after being injured in a car accident, this meant the inability to walk for nearly 2 years! "My back and hip pain were so debilitating that I found myself bedridden for the majority of my days until I finally tried acupuncture. With each treatment, I feel like I gain at least a sliver of my life back," she remarks.

At **New England Wellness Solutions**, Acupuncturists, and brothers, Bryan and Jimmy Duong believe they hold a large piece to the chronic pain puzzle. "Having helped a multitude of chronic ailments, we have seen time and time again how healing acupuncture can be for people. We pride ourselves in working with our patients to come up with the best solution specifically for them. To supplement our sessions, we discuss appropriate lifestyle tips and tricks to benefit them beyond our clinic's walls," Bryan explains.

Managing chronic pain can be challenging. **Treatment often requires a personalized multidisciplinary approach.** This may include lifestyle modifications, physical therapy, psychological counseling, medications or supplements. Since complete relief may not always be possible for every individual, the ultimate goal is to improve overall quality of life and functionality.

"I may still be unable to dance, but at least now I am able to comfortably stand on two feet! Before I started here, I never anticipated being able to walk again as acupuncture was honestly my last resort in a long line of attempted treatments, but look at me now!" Rebecca shares.

Almost all of our patients come to us with stories similar to Rebecca's. They've been everywhere else. They've been told there's no hope. They've heard, "It comes with aging," shares Lynne, a Patient Care Liaison at NEWS. "It just breaks my heart but I know how much we can help people like Rebecca so I'm always so happy when they come through our door."

Western medicine is often quick to distribute medication as a bandaid or look toward more traditional, costly therapies, like PT, until they end up deeming the chronic pain "untreatable," as they did for Rebecca. This is the point that most people reach right before visiting us, which is why our patients, along with our Practitioners Bryan and Jimmy, embrace NEWS as **"the last resort with the best results."**

Oftentimes, chronic pain is caused (and exacerbated) by underlying medical conditions, injuries or surgeries, nerve damage, musculoskeletal issues, autoimmune diseases, and psychological factors. Because of this, our patients are generally seeking a hail mary attempt at pain management without the surplus of pills – or as we like to say, they're **"choosing points over pills."** At NEWS, Jimmy and Bryan help steer you in the direction of the most natural healing methodology to promote the best, and least toxic, results.

You may be thinking: *what exactly is this magical solution that Dr. Bryan and Dr. Jimmy offer that can reduce, or even eliminate, chronic pain?*

To maximize your results, we take the holistic approach. We'll sit with you to better understand your health background and underlying issue(s). From there, we'll determine the appropriate outlook for your sessions.

The process of Acupuncture Therapy is known to generate the following **pain relieving effects:**

- (1) **Endorphin release**, as it stimulates the body's natural pain-relieving chemicals.
- (2) **Modulation of pain signals**, altering the messages of the central nervous system.
- (3) **Anti-inflammatory effects**, alleviating pain that stems from inflammatory conditions.
- (4) **Improve blood flow**, promoting healing while reducing muscle tension.
- (5) **Nerve stimulation**, releasing neurotransmitters which can block pain signals and promote relaxation.
- (6) **Balance Qi (energy)** through the body's meridians since blocked or imbalanced Qi is believed to contribute to pain and illness.

When it comes to treating chronic pain, regardless of its origin, early treatment greatly improves the swiftness of your recovery. If you or someone you love are suffering from chronic pain that "just won't go away," it's important to know that there are options. **There is hope!**

Rebecca started out skeptical, but lives to tell the tale of her remarkable chronic pain recovery through the means of Acupuncture here at New England Wellness Solutions. Read various other success stories like hers on our website:

COLDWELL BANKER REALTY

"Halfway through my treatments with Jimmy and I am pain free for the first time in 8 months!"

"I am seeing results that physical therapy and other avenues could not deliver. I'm so incredibly grateful for New England Wellness Solutions!!"

Alex W. of Weymouth, MA, age 53, blew out his knee playing pickleball. The lingering pain not only made him miss out on his upcoming tournaments, but he also had to miss events at his children's school. "I felt like a dead weight. I never thought I'd be unable to take care of my own kids. There was no way I could keep up with life without my pain meds."

More than 20% of adults experience chronic pain – discomfort lasting well beyond the typical recovery period.

"As my partner suggested Acupuncture, I laughed, thinking: *How does that even work and why would I ever voluntarily get needed?* Well... it turns out that the recommendation ended up being just what I needed because I began to feel relief as early as the first session. Now, I can even walk again! Truly a miracle."

Fortunately for Alex, Acupuncturists Jimmy and Bryan Duong of **New England Wellness Solutions (NEWS)** are using the time-tested science of Acupuncture combined with modern technology to expedite relief and healing.

Most of our patients come to us the same way, using acupuncture as a last resort mechanism. However, they always report that it's the method that ends up giving them the best results!

For years, the Duong brothers have been relieving people of chronic pain, without the invasiveness or side effects that come along with surgeries and medications. Acupuncture generates pain relief through its anti-inflammatory effects, endorphin release, modulation of pain signals, nerve stimulation, improvement of blood flow, and balance of Qi (energy).

If you or someone you know find yourself in a situation similar to Alex or have any other types of **chronic pains**, Acupuncturists Bryan and Jimmy and the incredible team at NEWS can help!

Our success stories have been spreading all around Massachusetts, and the next one could be you! Our practitioners are currently accepting new patients, but only for a limited time! An initial consultation is required to determine whether or not you are a good candidate for their **holistic, personalized and comprehensive treatments**.
