Congratulations to the following  
All Saints students for their amazing  
performance in a local production of  
The Addams Family:

Parker Dorr (Gomez Addams)  
Riley Hachey (Gambler Ancestor)  
Catie Hikel (Morticia Addams)  
Gabe Hikel (Grim Reaper)  
Lexi Hikel (Lucas Beineke)  
Mia Rogers (Alice Beineke)  
Becky Rushmore (Nurse Ancestor)

### Band, Chorus, and Strings are Back!

For the first time in two years, our students are now able to participate in Band, Chorus and Orchestra practices. Mr. Cushman announced the changes recently, and all students have begun working toward concert dates tentatively set for Tuesday, May 31<sup>st</sup> for grades 5-8, and Tuesday, June 2<sup>nd</sup> for Prek-4, both at St. Mary's Church. We all look forward to hearing music again as part of our instruction.

The 7<sup>th</sup> graders used the teacher in-service day last week to have an afternoon of fun together at G-Force for laser tag, games and ax throwing!

The mission of All Saints Catholic School: Through the lens of faith in God, the All Saints Catholic School community provides a HEART-centered approach to teaching the whole child by emphasizing:

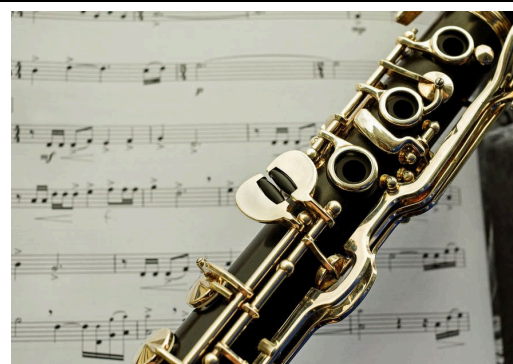

High academic standards

Eucharistic identity

Acts of service and leadership

Respect, and

The joy of our Catholic Traditions

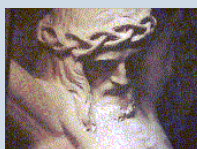

## Living by Faith

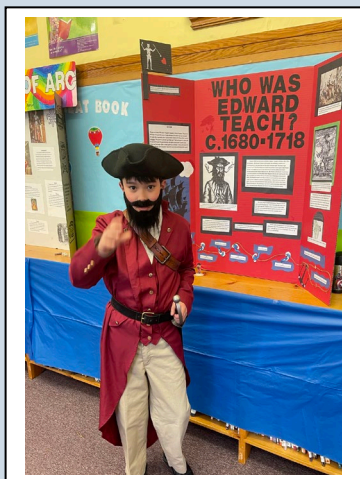

### PRAYER:

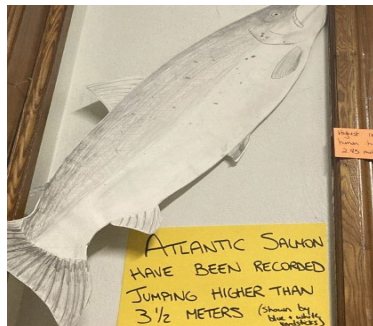

Merciful Father/ Loving Mother,  
I know that the tiny sacrifices I make this Lent can never serve as a real penance in my life. But help me to make my whole life one of following your Son. I am filled with your love. Let your love shine out from within me and guide my life in this sacred journey toward the Easter joy you offer me.

**PRAYING LENT**  
Experiencing his love and following him more deeply.

### Salmon Project

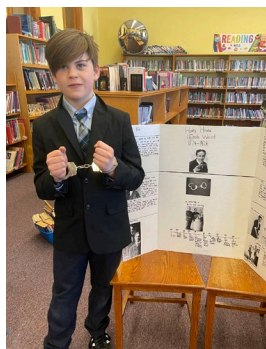

Our 7<sup>th</sup> grade class is once again partnering with the Fish Friends Program, a Maine organization that provides schools with materials for raising salmon from eggs to alevin. We started with 200 eggs this year.

The class is documenting weekly observations on "Fishy Fridays," conducting a poster-based research project, and learning about salmon as part of our Ecology unit. The class has also been talking about our responsibility to be good stewards of the environment.

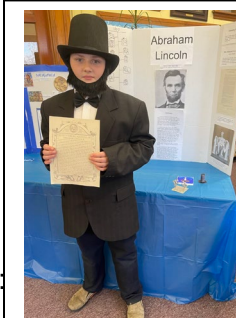

Not all Atlantic Salmon populations are in trouble, but the Gulf of Maine Population is endangered and at risk for extinction. This population still returns to Maine through rivers like the Penobscot, but it does not return farther south than Maine. That means that our state, and mostly the coastal region, is the only place in our country where schools can help rehabilitate endangered Atlantic salmon.

King Tut	Joan of Arc	Blackbeard
Sacagewea	Abraham Lincoln	Harry Houdini
Dr. Seuss	Anne Frank	Rosa Parks
Jane Goodall	Steve Irwin	Michael Jordan
Jeff Kinney	Ronald Reagan	Walt Disney

### 5<sup>th</sup> Grade Presents Living Wax Museum

From King Tut to Jeff Kinney, the library at SJC was transformed into a living wax museum by fifth-graders! The students read biographies of famous people and created display boards that highlighted major events and accomplishments in the person's life. In addition to reading and writing, the students designed and printed 3-D objects related to their person in STEM class. Their culminating project was a Living Wax Museum where they presented their projects to the staff, students, and parents! Here is a list of the famous people:
