Holy Name of Jesus School Parent Newsletter

October 15, 2024

Principal's Perspective

Dear Holy Name of Jesus Community,

To wonder...to achieve... to make a difference... together! We brought this motto to life last week! Our school is so very blessed to have such a vibrant, active, and involved community. October is always filled with many activities, and those activities would not be possible without hundreds of volunteers. A synopsis of volunteerism last week follows.

Mr. Sammy, Mr. Z, and the Beta Club organized a beautiful and touching Living Rosary on Thursday morning. So many student volunteers read each part. The blacktop was packed with families who joined us. The sweetest part was the young voices reading the prayers while other young students sat around clutching their rosary beads in full participation.

Then, on Thursday afternoon, HNJ held the annual Open House. 52 prospective families visited our amazing school. Students greeted families, helped with tours, and volunteered in specific classrooms. We also had numerous family members volunteer who set up and gave tours. Our families are our best marketing! I asked one prospective family how they heard about HNJ. They told me that 3 different families mentioned how much they love HNJ. They mentioned that one or two made them pause to consider HNJ, but once they received the third recommendation, they HAD to come to check us out. Thank you!

After Open House, our supportive Men's Club cooked dinner for our teachers! It was nice for teachers to relax together and not have to worry about cooking when they got home!

My favorite part of the week was Friday when parents met with teachers. I received such positive feedback from both parents and teachers. Parents are extremely appreciative of their teachers and supportive of the students. Teachers, in turn, were pleased with the support they received from parents. Together this will ensure personal growth in all of our students!

While all of that was happening, planning meetings occurred for Trick or Trunk (PTC), Capital Campaign funding, Gator Fest, and School Board goals. All of this occurred in one week! Go Gators!!

God Bless,
Kirsch J. Williams

COUNSELOR'S CORNER

MORGAN SUBERVIELLE,
SCHOOL COUNSELOR

msubervielle@hnjschool.org

This month each class (grades PK3-7) will participate in one Safe Environment presentation designed to teach students how to recognize potentially dangerous situations, protect themselves against such situations, and to take appropriate action if they are unsafe. This safety presentation is mandated for all students at Archdiocesan schools.

We must give children and youth the tools they need to help us keep them safe by educating them regarding boundaries, safe and unsafe behaviors and healthy relationships. Empowering God's Children® is an age-appropriate comprehensive program through which educators and parents can give children and youth the tools they need to protect themselves and what to do if someone tries to violate their boundaries. Students learn simple rules about what to do and how to react when someone's touch is confusing, scary, or makes the child or young person feel uncomfortable. Families can be the most important teachers for children of any age!

If you do not wish for your child to participate in this course at school and would prefer to teach the safety information at home, please complete this [form](#) before Friday, October 18, 2024.

Tips for Talking to Children About Personal Safety

- Tell children that their bodies are their own-- no one else has a right to touch them if they don't want the touch or to hurt them.
- Teach your kids that "no" and "stop" are important words and should be honored.

When someone else says stop:

When your child says no:

"Sarah said 'no,' and when we hear 'no' we always stop what we're doing immediately, no matter what."

"If a friend doesn't stop when we say 'no,' then we need to think about whether or not we feel happy and safe playing with them. If not, it's okay to choose other friends!"

- Talk about touches they think are safe and those they think are unsafe.

Safe Touch:

High fives, hugging, or touches to private parts that keep us healthy and clean

Unsafe Touch:

Hitting, shoving, or any other touches to private parts

- Encourage children to trust their feelings about safe and unsafe touches. Touches that feel uncomfortable or give them the "uh-oh" feeling are probably unsafe.
- Give children options for greeting and saying goodbye to people. Never force a child to hug, touch or kiss anybody.
 - Kids may not always feel comfortable around people they just met or even relatives who live far away, and it is important to allow kids to listen to their "gut feelings" about what feels safe, unsafe, or confusing.
- Avoid scare tactics. Explain to children that most people don't do anyone harm, but if anyone, even other kids, makes you feel uncomfortable or touches you in an inappropriate way, you need to tell an adult that you trust.
- Teach children that safe-touch rules apply **all the time**, not just with strangers.
- Stress that unsafe or uncomfortable secrets should be told to a trusted adult.
- Help your children plan ahead with the following scenarios!

Ideas for saying goodbye:

High five, handshake, or a wave

What would YOU do if...

you were asked to keep a secret that made you scared?

What would YOU do if...

you were given an unsafe touch or an "uh oh" touch from a classmate? A friend? An adult? A relative?

- Help create a support system for your child-- make a list of people they can talk to and trust besides you. Remind them it's never too late to tell.

Accidents Happen: Helping Young Learners Bounce Back

Our early childhood classrooms have been abuzz with discussions about accidents and how to handle them. Following our Second Step program, students are learning that accidents, whether knocking into a friend or spilling milk at home, are a normal part of life. The key is learning how to respond in a kind and positive way. In our lessons, we're exploring how to recognize when an accident has happened, take a deep breath, and then apologize or clean up. Most importantly, we're emphasizing that accidents don't make us "bad" - they're simply mistakes that we can learn from. With your support at home, our young learners are developing the social-emotional skills to bounce back from life's little mishaps. Please feel free to reinforce these lessons by talking with your child about how you handle accidents in your own life. Together, we can help our students become resilient problem-solvers, ready to tackle whatever comes their way.

Let's Make a Difference... Together!

We are in an exciting time of growth here at Holy Name. Our enrollment is growing; our students are excelling academically and are being accepted into their high schools of choice; and this fall we will break ground on a brand new Little Gators Early Childhood Center, along with the first phase of our new school gym!

Our Annual Giving Appeal is something we do every year to support the school's annual operating budget. We rely on your gifts to help bridge the gap between what parents pay for tuition and what it actually costs to educate each student. This campaign is separate from our Capital Campaign, which raises funds for capital improvements. Gifts to the Annual Fund help support our Mission, including:

- Attracting and retaining highly qualified teachers with competitive salaries,
- Providing tuition assistance for families who need it,
- And equipping our students with the resources they need to strive for their personal excellence.
