Holy Name of Jesus School Parent Newsletter

October 8, 2024

Principal's Perspective

Dear Holy Name of Jesus Community,

This Friday is dedicated to Parent/Teacher Conferences. We value our partnership with our parents and can't wait to show all of the learning that is happening on a daily basis.

Please be mindful that each teacher has a large number of families to meet with. This limits the timespan of the conference. We need your help being conscious of your specified timeframe to help our teachers remain on schedule. If you need more than the allotted time with your teacher, schedule a meeting on a different day.

When you arrive, you may park on the blacktop, and then enter through the double green doors. There will be a sign-in table in the basement and staff to help you locate the appropriate classrooms. Conference time is set aside for teachers to speak to families without the student present. Students must remain home for the conferences.

We look forward to sharing about our students with their families!

Lastly, let's keep our Florida neighbors in prayer:

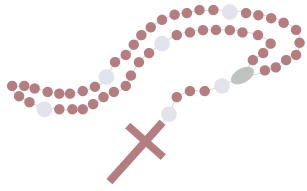

Father, all the elements of nature obey your command.
Calm the storms and hurricanes that threaten us
and turn our fear of your power into praise of your goodness.
Through our Lord Jesus Christ, your Son,
who lives and reigns with you in the unity of the Holy Spirit,
one God, forever and ever. Amen.

God Bless,
Kirsch J. Williams

Let's Make a Difference... Together!

We are in an exciting time of growth here at Holy Name. Our enrollment is growing; our students are excelling academically and are being accepted into their high schools of choice; and this fall we will break ground on a brand new Little Gators Early Childhood Center, along with the first phase of our new school gym!

Our Annual Giving Appeal is something we do every year to support the school's annual operating budget. We rely on your gifts to help bridge the gap between what parents pay for tuition and what it actually costs to educate each student. This campaign is separate from our Capital Campaign, which raises funds for capital improvements. Gifts to the Annual Fund help support our Mission, including:

- Attracting and retaining highly qualified teachers with competitive salaries,
- Providing tuition assistance for families who need it,
- And equipping our students with the resources they need to strive for their personal excellence.

Having a Growth Mindset

Whether a student holds a fixed mindset or growth mindset significantly impacts their learning experience—from elementary school to high school. Students that hold a fixed mindset give up when they can't solve a problem and admit defeat. This can be detrimental to students' future efforts and leads to limited student growth.

With a growth mindset, students continually work to improve their skills, leading to greater growth and ultimately, success. The key is to get students to tune into that growth mindset.

What's the right approach?

First, focus on strategies not effort. Instead of, "Great effort, you really tried!" say, "That isn't working. What else can you try?"

ANGELLE DUFOUR,
EARLY CHILDHOOD
SOCIAL EMOTIONAL SPECIALIST

adufour@hnjschool.org

At HNJ social emotional learning is taught across all grade levels, ensuring students build key life skills like empathy, self-regulation, and responsible decision-making. Our early childhood department places emphasis on setting up a firm SEL foundation, as these early years are critical for children's emotional and social development. By fostering these skills in our youngest learners, we help them grow into compassionate, resilient, and confident individuals who are ready to thrive in all aspects of life.

Social and Emotional Learning Builds Life Skills

Five types of skills that help us lead fulfilling lives

Self-awareness to develop a healthy sense of who you are, and better understand your thoughts and feelings

Self-management to manage your thoughts, feelings, and actions toward goals

Social awareness to better understand different views and have empathy for others

Relationship skills to communicate and connect, problem solve together, and stand up for others

Responsible decision-making to make constructive choices, analyze our actions, and find solutions
