

walking with purpose

Walking with Purpose is a Catholic women's apostolate offering Bible studies for women and girls of all ages, providing practical Biblical teachings consistent with Church doctrine. The studies are designed to meet women where they are with flexible formats. Our next study will be a little different with no book to buy and no homework. We will listen to and discuss the Walking with Purpose podcast (Hope for Right Now) 4-part series on the Feminine Genius. Saint John Paul II coined the phrase "feminine genius" in his open letter titled, *Mulieris Dignitatem* (On the Dignity and Vocation of Women). There are four components in the feminine genius: receptivity, sensitivity, generosity, and maternity. Each week, through the writings of Saint Edith Stein, personal stories, and the Word of God, we will unpack one of these components.

This is an excellent opportunity to meet with the women of our parish to link our everyday challenges to the solutions given to us through the teachings of Christ and the Catholic Church. If you desire to grow in your faith—in a supportive community of Catholic women—Walking with Purpose is for you!
