**IMPORTANT REMINDERS:** (from the Philadelphia Department of Public Health (PDPH) Health Bulletin)

***Check on neighbors and loved ones, from a distance***

- \* Check in with your neighbors, especially those who are more likely to get very sick due to the heat, like older adults who live alone. Exchange phone numbers so you can check-in from a distance.
- \* Make sure they're drinking water, staying cool in their homes, and know to call 911 if they start experiencing heat stroke symptoms.
- \* If they have any questions about heat, they can call the Philadelphia Corporation for Aging's Helpline at 215-765-9040.  
You can also help people in Philadelphia stay cool and safe this summer by spreading the word

***Get help paying utility bills: LIHEAP***

The Low Income Home Energy Assistance Program (LIHEAP) funding will be made available to help residents with their electricity costs this summer. That means money to help run your air conditioning.
