DISCIPLESHIP

Service to God and others

CONFIRMATION SERVICE ACTIVITY AND REFLECTION

As disciples of Christ, we are commanded to love one another and we can show this love through acts of service. People often take part in "Service Projects" as a way of helping others. However, if the word "project" implies an act that has a beginning and an end, why would we ever connect that word to discipleship? Discovering our gifts, talents and passions are the beginning of a lifelong commitment to discipleship. God has given us many gifts which we can use to serve others and be good disciples.

Each candidate is invited to become involved in an area of Discipleship (Service) as part of their Confirmation journey.

The idea of service begins with a call. The world tells us our gifts and talents are for personal gain - what do I get out of it? What will it do for me? God's call is different; it allows us to share our lives with others in response to knowing our gifts, talents and passions are from God. Young people are on a path of discovery; they are apprentices in an area of service to God. Trust that the Holy Spirit will guide you into an area of service.

Where and when should we serve?

Do not put any limit on the service area; you can serve in the church, in school, with family, in the neighborhood or for an organization. It does not need to be a new area of service - if you are already actively involved in something that is fine. Remember, service is the life of discipleship! Allow your passionate heart to serve God. Pray that He will bring opportunities to serve Him with all your heart, with your entire mind and with all your strength. *"What we do, we do for Christ, with Christ, to Christ."* - Mother Teresa
