BaseballMania 10 Week Sweepstakes Rules

[1] Your game card contains 10 different 3-team combinations, randomly generated and randomly assigned to one of the 10 weeks of the pro baseball season. [2] Prizes are awarded each week to the 20 game cards whose teams score the most total combined runs relative to all other cards in a given week. The 3 cards that score the least total runs also win prizes. Grand Prizes are awarded to the one card with the most, and one card with the least, total combined runs scored over all 10 weeks. [3] If 3 or more game cards are tied with the same score, 'total hits' is used as the primary tiebreaker. See website for tiebreaker examples. [4] Minimum odds of winning: 1 in 18 for the entire season; 1 in 177 in each week; 1 in 2030 for a grand prize. [5] No purchase necessary to play. Void where prohibited. [6] Sweepstakes ends after all weeks are complete. [7] To enter the sweepstakes, the organization on the front of this card must activate the card number. To request a free game card, ask the organization in person for a "free game card request form", complete the form, and mail to the address shown on the request form along with a self-addressed stamped envelope postmarked before week 5. A game card will be assigned to you and mailed in the return envelope sent with your form. [8] See website for additional details and to view winning game cards.
