## **Report of Independent Auditors**

The Most Reverend Myron J. Cotta  
The Roman Catholic Bishop of Stockton, a Corporation Sole

### **Report on the Audit of the Financial Statements**

#### ***Opinion***

We have audited the financial statements of The Roman Catholic Bishop of Stockton, a Corporation Sole (the Diocese), which comprise the statement of financial position as of June 30, 2025, and the related statements of activities and cash flows for the year then ended, and the related notes to the financial statements.

In our opinion, the accompanying financial statements present fairly, in all material respects, the financial position of The Roman Catholic Bishop of Stockton, a Corporation Sole as of June 30, 2025, and the changes in its net assets and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

#### ***Emphasis of Matter***

##### ***Plan of Reorganization***

As discussed in Note 11 to the financial statements, the Diocese has previously filed a voluntary petition for relief under Chapter 11 of the Bankruptcy Code. The Diocese also filed its consensual Plan of Reorganization (Plan) and Disclosure Statement which was accepted by the court and on February 14, 2017, the Plan became effective. As of June 30, 2025, the Diocese has a deficit in net assets without donor restrictions. These circumstances initially raised substantial doubt about the Diocese's ability to continue as a going concern. Management's plans regarding these matters are described in Note 11. Our opinion is not modified with respect to this matter.

#### ***Basis for Opinion***

We conducted our audit in accordance with auditing standards generally accepted in the United States of America (GAAS). Our responsibilities under those standards are further described in the Auditor's Responsibilities for the Audit of the Financial Statements section of our report. We are required to be independent of the Diocese, and to meet our other ethical responsibilities, in accordance with the relevant ethical requirements relating to our audit. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

#### ***Responsibilities of Management for the Financial Statements***

Management is responsible for the preparation and fair presentation of the financial statements in accordance with accounting principles generally accepted in the United States of America, and for the design, implementation, and maintenance of internal control relevant to the preparation and fair presentation of financial statements that are free from material misstatement, whether due to fraud or error.

In preparing the financial statements, management is required to evaluate whether there are conditions or events, considered in the aggregate, that raise substantial doubt about the Diocese's ability to continue as a going concern within one year after the date that the financial statements are available to be issued.

### ***Auditor's Responsibilities for the Audit of the Financial Statements***

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance but is not absolute assurance and therefore is not a guarantee that an audit conducted in accordance with GAAS will always detect a material misstatement when it exists. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control. Misstatements are considered material if there is a substantial likelihood that, individually or in the aggregate, they would influence the judgment made by a reasonable user based on the financial statements.

In performing an audit in accordance with GAAS, we:

- Exercise professional judgment and maintain professional skepticism throughout the audit.
- Identify and assess the risks of material misstatement of the financial statements, whether due to fraud or error, and design and perform audit procedures responsive to those risks. Such procedures include examining, on a test basis, evidence regarding the amounts and disclosures in the financial statements.
- Obtain an understanding of internal control relevant to the audit in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the Diocese's internal control. Accordingly, no such opinion is expressed.
- Evaluate the appropriateness of accounting policies used and the reasonableness of significant accounting estimates made by management, as well as evaluate the overall presentation of the financial statements.
- Conclude whether, in our judgment, there are conditions or events, considered in the aggregate, that raise substantial doubt about the Diocese's ability to continue as a going concern for a reasonable period of time.

We are required to communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit, significant audit findings, and certain internal control-related matters that we identified during the audit.

### ***Supplementary Information***

Our audit was conducted for the purpose of forming an opinion on the financial statements as a whole. The combining statements of financial position – all funds and the combining statements of activities – all funds are presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the financial statements as a whole.

***Other Matter***

*Report on Summarized Comparative Information*

We have previously audited the Diocese June 30, 2024, financial statements, and we expressed an unmodified audit opinion on those audited financial statements in our report dated December 12, 2024. In our opinion, the summarized comparative information presented herein as of and for the year ended June 30, 2024, is consistent, in all material respects, with the audited financial statements from which it has been derived.

### Note 1 – Organization

The Roman Catholic Bishop of Stockton, a Corporation Sole, was incorporated and commenced financial operations on June 1, 1962, as The Roman Catholic Diocese of Stockton (Diocese). The Diocese encompasses the counties of San Joaquin, Stanislaus, Calaveras, Tuolumne, Alpine, and Mono.

The financial statements include only those funds for which the Diocese maintains direct operational controls. Those entities not included in these financial statements are the various parish churches; elementary and secondary schools; The Catholic Charities of Stockton; cemetery operations; the Madonna of Peace Retreat Center; the Society for the Propagation of the Faith; the Diocese of Stockton Revocable Trust; the Diocese of Stockton Irrevocable Trust; the Bishop Ministry Appeal Trust; the Bishop's Educational Foundation; the Church for Tomorrow Fund; and the Roman Catholic Welfare Corporation of Stockton (the Welfare Corporation).

Following is a description of the funds included in the financial statements:

*Current fund* – This fund contains the undesignated resources available to support the Diocese's operations.

*Custodian fund* – This fund contains special purpose funds held for transmittal to third parties such as special collections and disaster appeals.

*Insurance fund* – This fund includes funds collected, disbursed, and maintained for the benefit programs and property/liability insurance.

*Plant fund* – This fund contains the land, buildings, and equipment held for use by the Diocese.

*Donor restricted fund* – This fund is primarily expendable donations subject to purpose or time restrictions set by the donors.

### Note 2 – Summary of Accounting Policies

**Basis of accounting** – The financial statements of the Diocese have been prepared under accounting principles generally accepted in the United States of America for not-for-profit organizations (U.S. GAAP). The accounting policies of the Diocese conform to U.S. GAAP, applicable to not-for-profit organizations. A summary of the significant accounting policies applied in the preparation of the accompanying financial statements follows.

**Tax exempt status** – The Diocese has been recognized as a tax-exempt entity by the Internal Revenue Service except to the extent of unrelated business taxable income as defined under Internal Revenue Code (IRC) Sections 511 through 515 and 501(c)(3) and the California Revenue and Taxation Code under Section 23701d. Accordingly, no tax provision has been recorded in the financial statements. The Diocese had no unrecognized tax benefits at either June 30, 2025 and 2024, and had no uncertain tax positions.

## Notes to Financial Statements

---

**Summarized financial information** – The financial statements include certain prior-period summarized comparative information in total but not by net asset class. Such information does not include sufficient detail to constitute a presentation in conformity with U.S. GAAP. Accordingly, such information should be read in conjunction with the Diocese's financial statements for the year ended June 30, 2024, from which the summarized information was derived.

**Use of estimates** – In preparing financial statements in conformity with U.S. GAAP, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosures of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of revenues and expenses during the reporting period. Actual results could differ from those estimates.

**Fair value of assets** – The Diocese presents certain assets at fair value. Fair value is defined as the price that would be received to sell an asset or paid to transfer a liability in an orderly transaction between market participants at the measurement date. Fair value measurement establishes a fair value hierarchy which requires an entity to maximize the use of observable inputs and minimize the use of unobservable inputs when measuring fair value.

The hierarchy describes three levels of inputs that may be used to measure fair value:

**Level 1** – Quoted prices in active markets for identical assets or liabilities.

**Level 2** – Observable inputs other than Level 1 prices, such as quoted prices for similar assets or liabilities; quoted prices in active markets for securities that are not traded actively; or other inputs that are observable or can be corroborated by observable market data for substantially the full term of the assets or liabilities.

**Level 3** – Unobservable inputs that are supported by little or no market activity and that are significant to the fair value of the assets or liabilities.

All of the Diocese's investments held in trust and pension plan assets are measured at fair value on a recurring basis and are classified as Level 1 pursuant to the valuation hierarchy. Level 1 investments include mutual funds and real estate fund equities, and therefore, are valued based on quoted market prices in an active market. Short term investments are in money market accounts and are classified as Level 2 pursuant to the valuation hierarchy.

**Net asset composition** – Net assets and changes therein are classified as follows:

- Net assets without donor restrictions are net assets not subject to donor-imposed restrictions. Net assets without donor restrictions may be designated for specific purposes by action of the governing board or otherwise limited by contractual arrangements with outside parties.

## The Roman Catholic Bishop of Stockton, a Corporation Sole

### Notes to Financial Statements

---

- Net assets with donor restrictions are net assets subject to donor-imposed restrictions on the specific use or the occurrence of a certain future event. Net assets with donor restrictions consist of restricted grants, pledges, and other contributions. Net assets consisting of the initial fair value of the gifts where the donor has specified that the assets donated are to be retained in an endowment, providing a permanent source of revenue for charitable purposes, are classified as with donor restrictions. The accumulation of assets, above historic gift value, in donor restricted endowment funds is classified as with donor restrictions until appropriated for use based on the Diocese's spending policy.

**Cash and cash equivalents** – All highly liquid debt instruments purchased with an original maturity of three months or less are considered cash equivalents.

**Short-term investments** – All securities or instruments with an original maturity of more than three months but less than one year are considered short-term investments. These investments are held in certificates of deposit, which are considered to be Level 2 investments per the fair value hierarchy table.

**Deposits** – A deposit required to satisfy a proof of insurance filing requirement with the Department of Motor Vehicles.

**Parish-related receivables** – Parish-related receivables represent service fees and insurance billings due from parishes and Roman Catholic organizations in the Diocese of Stockton. These receivables are reported at face value, which approximates fair value, and are not subject to interest. The Diocese holds no collateral. The amounts due from parishes are assessed annually and payments are due on a quarterly basis.

**Other receivables** – Other receivables represent other miscellaneous receivables and are recorded in the financial statements in the period received. Other receivables consisted of the following as of June 30:

|                                     | <u>2025</u>       | <u>2024</u>       |
|-------------------------------------|-------------------|-------------------|
| Other receivables                   | \$ 403,150        | \$ 542,203        |
| Inter-related party note receivable | <u>27,000</u>     | <u>27,000</u>     |
| Total other receivables             | <u>\$ 430,150</u> | <u>\$ 569,203</u> |

## Notes to Financial Statements

---

**Allowance for credit losses** – The allowance estimate is derived from a review of the Diocese's historical losses based on the aging of receivables. This estimate is adjusted for management's assessment of current conditions, reasonable and supportable forecasts regarding future events, and any other factors deemed relevant by the Diocese. The Diocese believes historical loss information is a reasonable starting point in which to calculate the expected allowance for credit losses as the receivables are predominately parish-related receivables for service fees and insurance billings due from parishes and Roman Catholic organizations in the Diocese of Stockton. These are generally collectible within one year. There were no recoveries or write offs for the years ended June 30, 2025 and 2024.

**Pledge receivables** – Contributions are recorded at their estimated fair value when unconditionally received or made rather than in the period for which the pledges are designated. Unconditional promises to give are recorded as revenue when the promise is made. Contributions expected to be collected within one year are reported at their net realizable value. Contributions expected to be collected in future years are initially reported at fair value determined using the discounted present value of estimated future cash flows technique.

To determine the net realizable value of contributions, a loss provision is calculated as a percentage of pledges receivable. As described above, management assesses the risks of uncollectability to determine a reasonable loss provision. If actual collection results differ significantly from expectations, contributions in a subsequent period may be adjusted accordingly.

**Investments held in trust** – The Diocese has deposited its investment securities portfolio with the Diocese of Stockton Revocable Trust (Trust). The Trust holds and invests the Diocese's investment holdings. The Diocese is allocated the actual income (or loss) of the Diocese's share of the Trust's investment portfolio. Investment income or loss (including realized and unrealized gains and losses, interest, and dividends) is included in the statements of activities as increases or decreases in net assets without donor restrictions unless the income or loss is restricted by donor or law.

Investment securities are exposed to various risks such as interest rate, market, and credit risks. It is reasonably possible that the estimated fair value of investment securities will change significantly in the future, with the result that the carrying amount of the investment securities may change materially based on market conditions and risk associated with certain investment securities. The investments held in trust are maintained by the Diocese according to their investment policy.

**Property and equipment** – Property and equipment are recorded at cost and donated property and equipment are recorded at fair value at the time of receipt. For the years ended June 30, 2025 and 2024, the Diocese capitalizes assets with a cost or donated value of \$1,000 or more. Depreciation expense is recorded on the straight-line basis for all property and equipment over the following estimated useful lives:

|  |                |
|--|----------------|
| Pastoral operating properties and improvements | 20 to 35 years |
| Computer equipment                             | 3 to 5 years   |
| Furniture and equipment                        | 5 to 7 years   |

## Notes to Financial Statements

---

**Custodian funds** – Special purpose funds received by the parishes as a result of special collections and remitted to the Diocese to be paid directly to the organizations for which the collections were taken. The Diocese accounts for assets that are received from the parishes for the benefit of the organizations for which the collections were taken as a liability to the specified beneficiary concurrent with its recognition of the assets received. All asset transfers of this type, and the activity associated with those assets, are recognized as agency transactions, and are not reflected in the statements of activities. In the statements of financial position, the assets held on behalf of the agency are included in cash and cash equivalents, and the related liability is classified as custodian funds.

**Held for insurance and retirement plans** – Held for insurance and retirement plans represents amounts that the Diocese collects from and remits to plan or policyholders on behalf of the parishes and self-insurance retentions.

### Revenue recognition

- Diocesan appeal, gifts, grants, and bequests revenue consists of contributions. These contributions are considered to be without donor restrictions unless they are specifically restricted by the donor. Contributions designated for future periods or restricted by the donor for specific purposes or in perpetuity are reported as contributions with donor restrictions. The Diocese recognizes all unconditional contributions and promises to give in the period notified. Unconditional promises to give expected to be collected in future years are recorded at the discounted present value of their estimated future cash flows using a discount rate that is commensurate with the risks involved. Conditional promises to give or intentions to give, as defined by Accounting Standards Update (ASU) 2018-08, *Not-for-Profit Entities (Topic 958): Clarifying the Scope and Accounting Guidance for Contributions Received and Contributions Made*, are not recorded in the financial statements until the conditions are met.
- Service fees are charged to parishes and Roman Catholic organizations in the Diocese of Stockton for the various administrative, financial, and programmatic support services provided to them by the Dioceses staff. Service fees are recognized as revenue when services are performed.
- The Bishop's awards dinner revenue is the revenue generated from the Bishop's awards dinner and are considered to be contributions. Contributions are recognized as revenue when received or unconditionally promised. The Bishop's awards dinner revenue are recognized net of related expenses incurred. The revenue is recorded as miscellaneous income on the statements of activities. No Bishop's Awards Dinner was held during the 12 months ended June 30, 2025. Gross contributions recorded for the years ended June 30, 2025 and 2024, were \$0 and \$209,040, respectively. Expenses incurred relating to the awards dinner for the years ended June 30, 2025 and 2024, were \$0 and \$209,075, respectively.

**Grant expenses** – Grant expenses are recorded by the Diocese upon approval by management provided the grant is not subject to future barriers. There were no conditional grants payable as of June 30, 2025 and 2024.

## **The Roman Catholic Bishop of Stockton, a Corporation Sole**

### **Notes to Financial Statements**

---

**Functional allocation of expenses** – The costs of providing the Diocesan programs and other activities have been summarized on a functional basis. Accordingly, certain costs have been allocated among the programs and supporting services benefited. Expenses which apply to more than one functional category have been allocated among program, general and administrative, and fundraising based on the time spent on these functions by specific employees as estimated by management. All other costs are charged directly to the appropriate functional category.

**Concentrations of credit risk** – Substantially all of the Diocese's cash and securities are maintained at financial institutions which are subject to the protections of the Federal Deposit Insurance Corporation (FDIC), for losses up to \$250,000.

Financial instruments that potentially subject the Diocese to concentration of credit risk consist of cash and cash equivalents deposited with financial institutions in excess of amounts insured by the FDIC (\$250,000) and by the Security Investor Protection Corporation (\$500,000), and accounts receivable generated in the normal course of business. The Diocese maintains its cash and cash equivalents with multiple financial institutions. At times, balances may exceed insured limits. Management monitors the financial condition of these financial institutions. If any of the financial institutions with whom we do business were to be placed into receivership, we may be unable to access the cash we have on deposit with such institutions. If we are unable to access our cash and cash equivalents as needed, our financial position and ability to operate our business could be adversely affected.

As of June 30, 2025 and 2024, three entities accounted for 54% and three entities accounted for 52%, respectively, of the Diocese's parish and institution receivable balances.

**Subsequent events** – Subsequent events are events or transactions that occur after the statement of financial position date but before the financial statements are available to be issued. The Diocese recognizes in the financial statements the effects of all subsequent events that provide additional evidence about conditions that existed at the date of the financial position, including the estimates inherent in the process of preparing the financial statements. The Diocese's financial statements do not recognize subsequent events that provide evidence about conditions that did not exist at the date of the financial position but arose after the financial position date and before the financial statements are available to be issued.

The Diocese has evaluated subsequent events through December 15, 2025, which is the date the financial statements are available to be issued.

### Note 3 – Pledges Receivable

The purpose of the pledge is to establish an endowment fund and as cash is received, it is invested in accordance with the investment policy as described in Note 10. Pledges receivable consist of unconditional promises to give for the purpose noted below as of June 30:

|  | <u>2025</u>       | <u>2024</u>       |
|--|-------------------|-------------------|
| Seminarian education and retirement funds<br>for priests - endowment | <u>\$ 333,333</u> | <u>\$ 333,333</u> |
| Total pledges receivable   | <u>\$ 333,333</u> | <u>\$ 333,333</u> |

There was no allowance for uncollectible pledges as of June 30, 2025 and 2024. The discount associated with the pledges receivable is insignificant to the financial statements. The maturity of pledges receivable as of June 30, 2025, are as follows:

|                    |                          |
|--------------------|--------------------------|
| Less than one year | <u>\$ 333,333</u>        |
| Total              | <u><u>\$ 333,333</u></u> |

100% of pledges receivable are due from one donor at June 30, 2025.

### Note 6 – Notes Payable

The balances of notes payable consist of the following as of June 30:

|  | 2025         | 2024         |
|--|--------------|--------------|
| On April 1, 2020, the Diocese restructured an existing loan and entered into a new loan agreement. The new loan agreement consisted of a \$1.510 million promissory note with a maturity date of April 15, 2030. The note bears interest at 3.75%. The Diocese will pay 119 interest and principal payments beginning May 15, 2020, with one final payment of the outstanding balance at maturity. The monthly principal and interest payment required beginning May 15, 2020, is \$7,820. The Note is guaranteed by The Roman Catholic Welfare Corporation of Stockton (Welfare Corporation), a related party, with the guarantee being secured by certain real property of The Roman Catholic Welfare Corporation of Stockton.   | \$ 1,301,063 | \$ 1,344,532 |
| On February 1, 2017, the Diocese modified 11 secured notes, of unequal value, executed on December 20, 2010 (as modified on January 7, 2014), with parishes and individuals and extended the maturity date to January 31, 2027. The notes bear interest at a fixed rate of 3.25%. Interest and principal payments in the amount of \$17,299 are due monthly based on a 10-year amortization with the final payment of all sums due by January 31, 2027. The proceeds from the notes were used to purchase property and buildings, and are secured by the deed of trust. Due to the Chapter 11 case (Note 11), no payments had been made on the loan from the filing through February 28, 2017. An accrual of \$170,291 of unpaid interest was added to the principal amount of the loans and will be amortized over the same 10-year period. | 319,949      | 513,713      |
| On February 14, 2017, the Diocese entered into a \$1,000,000 unsecured loan with the Catholic Diocese of Stockton Cemeteries Corporation. The note bears interest at fixed rate of 3.25%. Interest and principal payments of \$45,000 are due annually through January 31, 2027. Beginning April 30, 2027, interest and principal payments in the amount of \$46,493 are due quarterly based on a five-year amortization schedule with the final payment of all sums due by January 31, 2032. The proceeds from the note were used to fund the Chapter 11 Bankruptcy as stipulated in the consensual plan of reorganization. An accrual of \$12,025 and \$12,235 has been recorded under accounts payable and accrued liabilities for the accrued interest due as of June 30, 2025 and June 30, 2024, respectively.                          | 887,855      | 903,491      |

|   | 2025         | 2024         |
|---|--------------|--------------|
| On April 24, 2020, the Diocese entered into an unsecured promissory note for a revolving loan of \$1,733,612 with the Welfare Corporation. The note includes further advances from time to time, not to exceed the face amount of the note. The note bore interest at 0.99% through June 30, 2020 and then adjusted to 0.49%. No principal or interest payments are due until the amount is determined by the parties with any accrued interest to be added to the principal amount until paid in full. | 507,618      | 411,534      |
| On February 7, 2019, the Diocese executed a loan agreement with the Alliance for Catholic Education with a maturity date of January 24, 2025, to receive funding of \$37,500 each on December 1, 2019 and June 1, 2020. This is a noninterest bearing loan with payments of \$15,000 each due on January 25, 2021, 2022, 2023, 2024 and January 24, 2025. In January 2021, the first installment of \$15,000 was forgiven in full. The loan was repaid in full during the year ended June 30, 2025.     | -            | 15,000       |

### Note 7 – Pension Plans

The Diocese uses the accrual method of accounting for postretirement benefits based on actuarially determined costs to be recognized over the period the employee provides service to the Diocese. Financial Accounting Standards Board (FASB) Accounting Standard Codification (ASC) 715 requires entities to accrue for expected pension benefits over the years that the employees render the necessary service. The Diocese also follows the disclosure provisions of ASC 715, which requires additional employers' disclosures about pension and other postretirement benefit plans.

### **Notes to Financial Statements**

---

**Lay employees** – The Diocese participated in a frozen defined benefit plan (the Benefit Plan) operated by the Roman Catholic Diocese of Stockton. Any lay person who worked at least 30 hours per week, had attained the age of 21 years, and had been employed for a minimum of one year was covered by the plan.

The Benefit Plan was amended effective January 1, 2001, and the plan was converted to a cash balance plan. Participants of the plan on January 1, 2001, were grandfathered and received the greater of the benefit determined under the cash balance formula or benefit determined under the grandfathered percentage of average annual earnings formula. The plan document provided for definitions of the various benefit payouts. New participants to the plan after January 1, 2001, received benefits based on the cash balance method.

The Benefit Plan was amended effective December 31, 2012, to freeze the percentage of average annual earnings formula for grandfathered participants. Grandfathered participants received the greater of the benefit earned as of December 31, 2012, as determined under cash balance or percentage of average annual earnings formulas. For service after December 31, 2012, grandfathered participants accrued benefits under the cash balance formula. The cash balance benefit formula for participants who were not eligible for the grandfathered formula remained unchanged.

The Benefit Plan was frozen June 30, 2017. Effective July 1, 2017, the Diocese participates in a defined contribution plan (the Contribution Plan) operated by the Roman Catholic Diocese of Stockton. Any lay person who works at least 30 hours per week, has attained the age of 21 years, and has been employed for a minimum of one year is covered by the Contribution Plan.

Under the Benefit Plan, the Diocese is required to report the difference between assets of the pension Plan and the Benefit Plan's actuarial obligation as an asset or liability of the Diocese, depending on the funding status of the Benefit Plan. On March 21, 2018, the Benefit Plan was amended to spin-off each participant who was not receiving benefit payments from the Benefit Plan as of March 20, 2018, convert the spun-off portion of the Benefit Plan from a defined benefit pension plan to a Contribution Plan, and simultaneously merge the spun-off and converted portion of the Benefit Plan with the Contribution Plan that was established on July 1, 2017.

On March 12, 2025, the Diocese entered into an agreement to purchase annuity contracts from an insurance company for \$7,149,000 that, effective May 1, 2025 will provide benefit payments to each participant of the Benefit Plan going forward. Additionally, in conjunction with the purchase of the annuity contracts, the Diocese terminated the Benefit Plan effective May 1, 2025.

The Benefit Plan had an actuarial excess of \$156,056 at June 30, 2024, which is included in the underfunded pension benefits on the accompanying statements of financial position at June 30, 2024. The Benefit Plan had an unrecognized actuarial loss of \$977,940 at June 30, 2024. The Benefit Plan also had a prepaid pension benefit of \$1,133,996 at June 30, 2024, which is included in net assets without donor restrictions on the accompanying statements of financial position.

## Notes to Financial Statements

---

The assets of the plan at the time the annuity contracts were purchased were \$7,338,000 and, along with the recognition of the unrecognized actuarial gain of \$977,940 and the settlement charge of \$944,556, resulted in a gain of \$189,440, which is included as miscellaneous income on the Statement of Activities at June 30, 2025. The overfunded status of the Benefit Plan of \$156,056 at June 30, 2024 was included in the loss to Pension Related Changes on the Statement of Activities at June 30, 2025.

Although the Diocese is exempt from the funding requirements of ERISA, it was the Diocese's practice to make annual contributions that were not less than the ERISA minimum funding requirement. It was the Diocese's policy to make contributions sufficient to fund the benefits provided by the Benefit Plan on an actuarially sound basis. The Bishop is the administrator of the pension trust. The Diocese is ultimately responsible for the payment of the Benefit Plan benefits to the participants. The following table (based on projected actuarial data) sets forth the Benefit Plan's funded status and amounts recognized for the entire Benefit Plan as of June 30:

The following schedule reconciles the unfunded status of the Benefit Plan with any accrued or prepaid pension cost recognized in the statements of financial position as of June 30:

|                                      | 2025 | 2024       |
|--------------------------------------|------|------------|

| Overfunded (underfunded) status      | \$ - | \$ 156,056 |
| Unrecognized actuarial loss          | -    | 977,940    |
| Net asset without donor restrictions | -    | (977,940)  |
| Net amount recognized                | \$ - | \$ 156,056 |

Net pension cost (benefit) for the entire Benefit Plan was determined as follows as of June 30:

|   | 2025               | 2024              |
|---|--------------------|-------------------|
| Interest cost on projected benefit obligation | \$ 279,605         | \$ 381,001        |
| Expected return on plan assets                | (322,939)          | (233,732)         |
| Recognized net actuarial losses               | 13,460             | 50,448            |
|   | <u>\$ (29,874)</u> | <u>\$ 197,717</u> |

The weighted-average discount rate was 0% and 5.35% for the years ended June 30, 2025 and 2024, respectively. The expected long-term rate of return on assets was 0% and 6.0% for the years ended June 30, 2025 and 2024, respectively.

The investment objective for the Benefit Plan was to maximize total return within reasonable and prudent levels of risk. The Benefit Plan's weighted-average asset allocations as of June 30, 2025 and 2024, are as follows:

|                              | 2025        | 2024          |
|------------------------------|-------------|---------------|
| Asset category               |             |               |
| Common and collective trusts |             |               |
| Equity                       | 0.0%        | 39.4%         |
| Debt                         | 0.0%        | 51.3%         |
| Real estate mutual fund      | 0.0%        | 3.9%          |
| Cash and cash equivalents    | 0.0%        | 5.4%          |
| Total                        | <u>0.0%</u> | <u>100.0%</u> |

The Benefit Plan assets are measured at fair value on a recurring basis and are classified as Level 1 pursuant to the valuation hierarchy. Level 1 equity and debt securities and real estate mutual fund include highly liquid government and corporate bond funds and exchange traded equities, and therefore, are valued based on quoted market prices in active markets.

The Diocese did not make contributions to the Benefit Plan for the years ended June 30, 2025 and 2024.

---

**Priests** – Effective July 1, 2012, the Diocese adopted The Diocese of Stockton Priests Qualified Pension Plan. The plan is a defined benefit pension plan for all priests, regardless of age, who are in an eligible classification as defined by the plan document.

Total contributions of \$679,939 and \$740,343 were made to the plan in the years ended June 30, 2025 and 2024, respectively, by the parishes, schools, or other units to which the participating clergy were assigned as well as funds donated to the plan. Benefit payments of \$551,588 and \$484,242 were made from the plan during the years ended June 30, 2025 and 2024, respectively. The Diocese contributed \$53,650 and \$48,354 to the pension plan for the years ended June 30, 2025 and June 30, 2024, respectively.

The fair value of the plan assets, including the Diocese's portion, as of June 30, 2025 and 2024, was \$3,142,062 and \$2,815,304, respectively. The Plan's weighted-average asset allocations as of June 30, 2025 and 2024, are as follows:

|                              | 2025   | 2024   |
|------------------------------|--------|--------|
| Asset category               |        |        |
| Common and collective trusts |        |        |
| Equity                       | 24.6%  | 23.3%  |
| Debt                         | 73.0%  | 74.4%  |
| Real estate mutual fund      | 2.1%   | 2.2%   |
| Cash and cash equivalents    | 0.3%   | 0.1%   |
| Total                        | 100.0% | 100.0% |

The Plan assets are measured at fair value on a recurring basis and are classified as Level 1 pursuant to the valuation hierarchy. Level 1 equity and debt securities and real estate mutual fund include highly liquid government and corporate bond funds and exchange traded equities, and therefore, are valued based on quoted market prices in active markets.

As of June 30, 2025 and 2024, service costs were \$57,352 and \$61,883, respectively. The interest costs, assumption changes, and actuarial gain/loss were considered insignificant to the plan and the financial statements.

The unfunded portion of the plan was \$7,006,062 and \$6,938,691 for the years ended June 30, 2025 and 2024, respectively. The Diocese's portion of the unfunded portion of the plan was \$3,917,935 and \$3,682,376 for the years ended June 30, 2025 and 2024, respectively, which is included in the underfunded pension benefits on the accompanying statements of financial position. The Diocese's portion of the underfunded pension liabilities relates to active priests at the Diocese and all inactive priests.

The unrecognized actuarial gain/loss and unrecognized prior service cost were considered insignificant to the plan and the financial statements.

The weighted-average discount rate of 5.55% and 5.47% was used for the years ended June 30, 2025 and 2024, respectively.

#### **Note 8 – Investment in Self-Insured Risk Retention Group**

Prior to July 1, 2017, the Diocese was insured with respect to its liability coverage through its participation in a risk retention group, incorporated in Vermont, with two other archdioceses and dioceses in western states. The Diocese expenses premiums paid to the policy group in the year paid. At December 31, 2023 and 2022, the policy group had a positive policy holder surplus. Therefore, management believes there is no unrecorded liability.

On May 15, 2017, the board of directors of the risk retention group voted to seek approval from the members to end the underwriting operations of the risk retention group on July 1, 2017. The members approved this action on May 15, 2017.

### Notes to Financial Statements

---

On July 1, 2017, the Diocese became insured with respect to its liability coverage through its participation in a new captive for primary liability, a new risk retention group for the first excess layer, and an insurance company for the third layer of liability. The risk retention group is domiciled in Vermont and has 58 shareholders across the U.S. with contributions from its members and the excess layer is written with an approved insurance company.

#### **Note 9 – Net Assets with Donor Restrictions**

Net assets with donor restrictions are restricted for the following purposes at June 30:

|                     | 2025                     | 2024                     |

|                     | <hr/>                    | <hr/>                    |
| Tuition assistance  | \$ 424,626               | \$ 383,834               |
| Parishes/Ministries | <hr/> 5,280,655          | <hr/> 4,997,750          |
|                     | <hr/> <hr/> \$ 5,705,281 | <hr/> <hr/> \$ 5,381,584 |

Management expects to spend net assets with donor restrictions based on annual operating plans and associated budgets which incorporate their existence and purpose restrictions.

Donor restricted net assets have been released from restrictions and reclassified for the years ended June 30 as follows:

|                     | 2025                   | 2024                   |

|                     | <hr/> <hr/> \$ 882,642 | <hr/> <hr/> \$ 616,519 |

#### **Note 10 – Endowment**

The Diocese's endowment consists of investments established to support the seminarian education and retirement funds for priests. The endowment is classified as with donor restriction. As required by U.S. GAAP, net assets associated with endowment funds are classified and reported based on the existence or absence of donor imposed restrictions.

# The Roman Catholic Bishop of Stockton, a Corporation Sole

## Notes to Financial Statements

---

**Interpretation of relevant law** – The Diocese has interpreted the Uniform Prudent Management of Institutional Funds Act of 2006 in California (CPMIFA) for donor restricted endowment funds as requiring the preservation of the fair value of the original gift as of the gift date unless there are explicit donor stipulations to the contrary. As a result of this interpretation, the corpus of funds subjected to CPMIFA is classified as with donor restriction. The corpus represents the fair value of the original gifts as of the gift date, and all subsequent gifts where the donor has indicated the gift be retained in perpetuity. The corpus of net assets with donor restricted endowment funds was \$2,000,000 as of June 30, 2025 and 2024. The value of assets in excess of original gifts in donor restricted endowment funds are classified as net assets with donor restrictions until appropriated for expenditure by the Diocese.

In accordance with CPMIFA, the Diocese considers the following factors in making a determination to appropriate or accumulate donor restricted endowment funds:

1. The duration and preservation of the fund
2. The purposes of the Diocese and the donor restricted endowment fund
3. General economic conditions
4. The possible effect of inflation and deflation
5. The expected total return from income and the appreciation or depreciation of investments
6. Other resources of the Diocese
7. The investment policies of the Diocese

The Diocese is required to provide information about net assets which are defined as endowment, restricted in perpetuity by donors (net assets with donor restrictions). The changes in endowment net assets for the years ended June 30 were as follows:

|  | 2025                       | 2024                       |

## **Notes to Financial Statements**

---

**Funds with deficiencies** – From time to time, the fair value of assets associated with individual donor restricted endowment funds may fall below the level that the donor or CPMIFA requires the Diocese to retain as a fund of perpetual duration. At June 30, 2025 and 2024, the Diocese did not have any funds with deficiencies.

**Return objectives and risk parameters** – The Diocese has adopted investment and spending policies for endowment assets that attempt to provide a predictable stream of funding to the Diocese operations that is partly supported by its endowment while seeking to maintain the purchasing power of the endowment assets. Endowment assets include those assets of donor-restricted funds that the Diocese must hold in perpetuity. Under this policy, the endowment assets are invested in a manner that is intended to produce results that exceed the amount appropriated for operations by the rate of inflation while assuming a moderate level of investment risk. Actual returns in any given year may vary from this amount.

**Strategies employed for achieving objectives** – To satisfy its long-term rate-of-return objectives, the Diocese has adopted a strategy of holding a substantial majority of its endowment assets in mutual funds.

**Spending policy and how the investment objectives relate to spending policy** – The Diocese has a policy of appropriating for distribution each year no more than the amount stipulated by the funder for seminarian education and priest retirement plan. Over the long term, this is expected to provide support for the intended purpose while keeping the increase/(decrease) year-over-year minimal to help provide the predictable level of funding needed. The effect of this draw is to gradually increase the support of seminarian education and contributions to the priest retirement fund when the endowment is growing and postpone the award if the endowment value falls. In establishing this policy, the Diocese considered the long-term expected return on its endowment. Accordingly, over the long term, the Diocese expects the current spending policy to allow its endowment to grow at least at the rate of inflation. This is consistent with the Diocese's objective to maintain the purchasing power of the endowment assets held in perpetuity or for a specified term as well as to provide additional real growth through new gifts and investment return. The policy is the lesser of 85% of the income for the year, or 15% of the fund balance at the beginning of the year. If the maximum amount is not drawn in a year, it will continue to be available to the Diocese in future years.

### **Note 11 – Plan of Reorganization and Going Concern Uncertainty**

The accompanying financial statements have been prepared assuming the Diocese will continue as a going concern, which contemplates realization of assets and satisfaction of liabilities in the normal course of business.

On January 15, 2014, the Diocese filed a voluntary petition for relief under Chapter 11 of the Bankruptcy Code (Chapter 11 Case). The Chapter 11 case was assigned to the Honorable Christopher M. Klein, United States Bankruptcy Judge for the Eastern District of California, Sacramento Division. On October 26, 2016, the Diocese of Stockton filed its consensual Plan of Reorganization (Plan) and Disclosure Statement. On January 13, 2017, the Bankruptcy Court issued an Order Confirming the Plan and Disclosure Statement and on February 14, 2017, the Plan became effective. On June 12, 2017, the Bankruptcy Court entered the final decree closing the Chapter 11 Case and the case was closed on the Bankruptcy Court's docket.

### **Notes to Financial Statements**

---

In accordance with the Plan and the Confirmation Order, the trust was established on February 14, 2017, for the benefit of the Class 12 Claims, Class 13 Claims, Class 14 Claims, and Class 15 Claims (Beneficiaries). The Diocese has no rights or interests in the trust or its assets, which was established for the benefit of the Beneficiaries. Pursuant to the Plan and Confirmation Order, Eric Schwarz (Omni Management Acquisition Corp.) was appointed as the trust Trustee. The Diocese made all of their required payments to the trust on or before the Effective Date, February 14, 2017. The trust received \$14,250,000 in cash and the Unknown Tort Claims Fund Note. Pursuant to the Confirmation Order, upon the occurrence of the Effective Date, the injunctions, releases, discharges, and dismissals to which the Diocese, Participating Parties, and Settling Insurers were entitled to pursuant to the Plan and/or Bankruptcy Code became effective.

In exchange for the releases and injunctions provided in the Plan, the Plan was funded by the Insurance Settlement (the net sum of \$3,305,000 paid by the Settling Insurers), a contribution by the Participating Parties (\$2,905,000), a contribution by the Roman Catholic Welfare Corporation of Stockton (\$1,000,000), a contribution from All Saints University Church (\$1,295,000), and a contribution from the Diocese. In addition, as of the Effective Date, the Diocese was authorized to enter into a loan agreement with the Catholic Diocese of Stockton Cemeteries Corporation as well as amend the terms of other outstanding debt (Note 6).

As of June 30, 2025, the Diocese net assets without restrictions are in a deficit position. The Diocese has followed the plan of reorganization as noted above and has a budget in place to permit the Diocese to continue as a going concern. The financial statements for the year ended June 30, 2025, do not include any adjustments that might be necessary if the Diocese is unable to continue as a going concern. For the Priest Qualified Pension Plan, the Diocese will continue to monitor interest rates and the stock market, as well as undergo fundraising efforts and seek donations to get to a positive funding status.
