

A blue-tinted photograph of a school building. In the foreground, there is a flagpole with the American flag and a smaller pole with a white cross. The building has many windows and a brick facade. The sky is clear and blue.

Holy Rosary Regional Catholic School

**HERE'S WHAT OUR
FAMILIES ARE SAYING**

Last year, I transitioned my daughter from Colonial School District to Holy Rosary in hopes that she would attend in-person learning during covid with little to no interruptions. Emma was welcomed with open arms. She is currently pushing her curriculum harder than she ever has while learning valuable study skills to prepare herself for the future. This school keeps the children **engaged in learning** and instills confidence with a “can-do attitude”. My daughter is learning **responsibility and accountability** along with many other life skills to set her up for success. Holy Rosary is filled with **kind people** and you're made to feel like family. I love that the staff including their principal, Mrs. Gilman, greets the children **with open arms**. I am truly elated dropping my daughter off each day as her happiness radiates in her smile. This school is truly a hidden gem!

Sarah M. (P'26)

Four years ago, I made the decision to move my son from public school and enroll him at Holy Rosary. He played sports with some HR families and they had **positive feedback** to share about the school. When I visited HR, I immediately had a **good feeling** about the school and was welcomed by faculty with open arms. My son needed some assistance with reading and HR quickly identified the issue, that I felt, had been present since he attended public school. My son has greatly benefited from the **small class size, faith-based program**, assistance he receives from the IU, teachers, and faculty who genuinely care, and the "**one family**" atmosphere.

He is now in 5th grade, and looking back, moving him to HR was the best decision for my son.

Thank You!

We truly are so glad we made the transition. Our only regret is having not done it sooner.

She enjoys the **smaller school** and the overall environment that is formed as a result. There is a **sense of community** and really getting to know each other that you don't get in public school. It has afforded her an opportunity to become involved in activities she otherwise may not have.

In addition, the Catholic education has shown her to take more **pride in her work, her grades, and her schoolwork** as a whole.

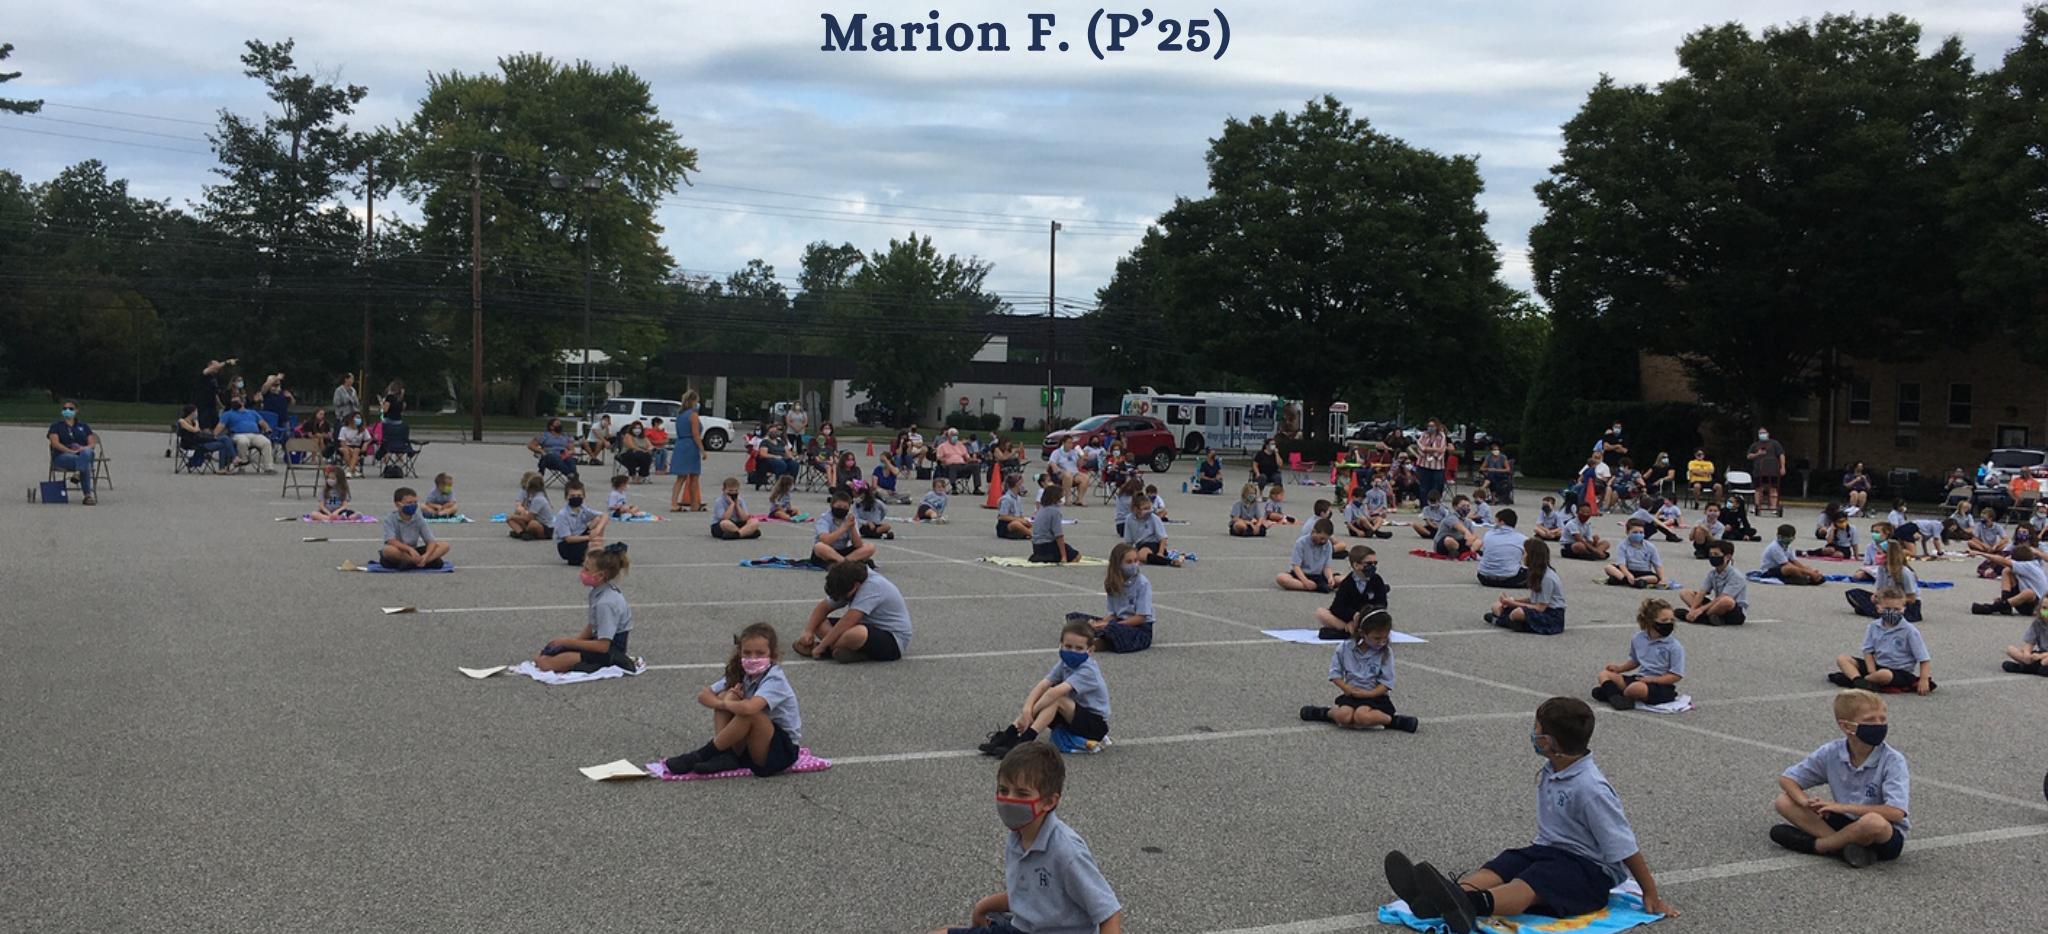

We are very happy with Holy Rosary, and very glad we made the switch.

"Writing a very heartfelt thank you to all of you for the incredible work you did this year at Holy Rosary. You all went above and beyond - and made it incredibly seamless for our family. This year reminded me again - why we chose Holy Rosary. It has been the best choice for Giacomo's education that I could have envisioned."

Marion F. (P'25)

"I'm not sure if you heard but Michael (Holy Rosary Class of 2017) was named the 2021 Valedictorian by Lansdale Catholic, they officially posted it today though it has been known for quite some time now. He will be attending Villanova University in the fall and majoring in Chemical Engineering with a minor in Mathematics."

Anthony S. (P'17, 18)

Thank you for allowing the kids to have a “good” school year after so many challenges. I am very proud to send my daughter to your school and know she is well cared for. You are a big reason for that.

Brian G. (P'24)
