

Parents,

I believe that learning outside of the classroom is very important in your child's development. Therefore, I will be implementing some homework that will take place outside of the classroom. Students will have one month to complete this work. This homework will not focus on traditional school work, but instead it will focus on practical life skills, as well as spiritual/faith based skills/lessons. Practical/Spiritual Life Bingo is intended to help your child grow both socially and spiritually by performing tasks or learning more about our Catholic faith. It is my intent that Practical/Spiritual Life Bingo will help your child learn skills outside of the classroom that will help them grow as young members of your household, as well as young members of our Catholic community.

Practical/Spiritual Life Bingo will begin September 2023, and end May 2024. Each month students will get a Practical/Spiritual Life Bingo sheet. Students will have one month to complete the given number of items on the sheet. 3rd graders will complete the two shaded boxes, as well as four unshaded boxes. 4th graders will complete the two shaded boxes, as well as five unshaded boxes. These sheets will be due on the first Friday of the following month. For example, the September Practical/Spiritual Life Bingo will be due by Friday, October 6th. Bingo sheets will be accepted anytime before the due date. I will also be posting the Practical/Spiritual Life Bingo sheets on my web page in case it should happen to get lost or misplaced. I will send reminders of due dates a week or two before the sheet is due through my weekly updates, as well as on my web page. I will also have a master list on my web page as to when each Practical/Spiritual Bingo sheet is due.

If you have any questions or concerns regarding Practical/Spiritual Life Bingo, please do not hesitate to ask me.

Thank you,

Mr. DiLorenzo
