

## How does it work?

Earn money simply by using gift cards to pay for everyday purchases instead of cash or credit cards.

### You buy gift cards

You get the full value — no extra money comes out of your pocket. Buy gift cards and eGift cards from hundreds of popular brands.

### The brand gives back

A percentage of every gift card purchase automatically goes back to the school as earnings.

### Earnings go toward expenses

The school shares earnings with participating families to offset tuition and other school-related costs.

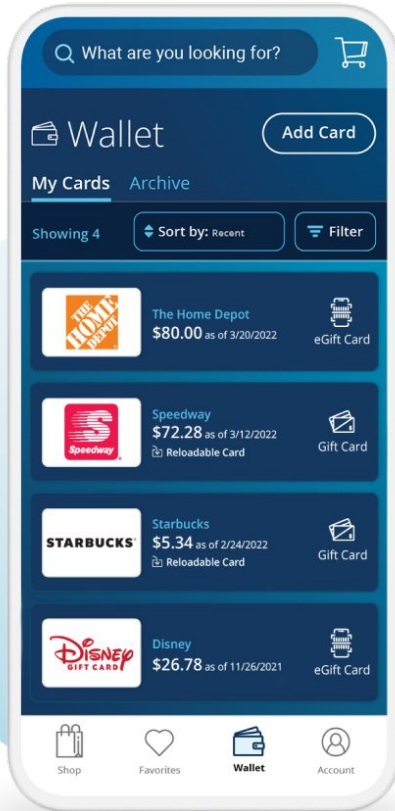

## Everyday expenses = everyday earnings
