The Queenship of the Blessed Virgin Mary

In this feast, particularly cherished by the Popes of modern times, we celebrate Mary as the Queen of Heaven and Earth.

Pope Pius XII in the Papal Encyclical *Ad Coeli Reginam* proposed the traditional doctrine on the Queenship of Mary and established this feast for the Universal Church (in 1954).

Pope Pius IX said of Mary's queenship: "Turning her maternal Heart toward us and dealing with the affair of our salvation, she is concerned with the whole human race.

Constituted by the Lord Queen of Heaven and earth, and exalted above all choirs of Angels and the ranks of Saints in Heaven, standing at the right hand of Her only-begotten Son, Our Lord Jesus Christ, she petitions most powerfully with Her maternal prayers, and she obtains what she seeks."

And Pope Pius XII added the following: "We commend that on the festival there be renewed the consecration of the human race to the Immaculate Heart of the Blessed Virgin Mary.

...Therefore, let all approach with greater confidence now than before, to the throne of mercy and grace of our Queen and Mother to beg help in difficulty, light in darkness and solace in trouble and sorrow...
