## ST. BENEDICT JOSEPH LABRE FUND

Inspired by St. Benedict Joseph Labre, who lived and died in radical poverty yet was received by the Church with dignity and reverence, this fund is rooted in one of the Church's corporal works of mercy: to bury the dead.

Through private donations, the fund serves as a ***last resort*** burial option for those who die with no estate, no known family, and no financial resources. In carrying out this work of mercy, the Church bears witness that even in death; especially when no one remains to advocate; every human person is worthy of dignity, prayer, and respectful burial.
