

Your Journey Board

God calls every human person to choose the path that leads to Him. The destiny of all human beings is to live forever in the blessedness of God. This blessedness of God is none other than a share in the divine life of God Himself, which we will possess with perfection forever in Heaven! Christ came down from Heaven to show us how to walk on the path of His Life.

This year, you will use a poster board to create your family's journey board. This month, begin by drawing a pathway for your journey that will eventually encompass the entire year and the entire journey board. For this activity you will not need to draw much of your pathway – simply enough to show the beginning of your journey.

Next turn to Appendix B (page 293 in the Parent's Guide) and cut out and decorate one little person for each member of your family. (You may need to photocopy the page to create more little people.) You may wish to paste a small picture of each individual's face on his or her little person.

Your year's journey has now begun. Don't miss the opportunities that God and family life will provide for you to remind your children that the final destination of Life in Christ is Heaven!

Each month, one activity we work on will go onto your journey board. This project will help you remember how Jesus gives us the help we need in order to avoid sin, grow in virtue, and be able to live with Him in Heaven forever!

Below is an example of a journey board for you to see. Yours does not have to look exactly the same as this example, but will give you an idea of how another family put it together, and hopefully get your creativity going!
