During a summer storm, the power went out at grandmom and pop-pop's house when six grandchildren were having a sleepover. They all huddled in the family room and turned on a small, battery powered candle. Everyone got quiet as thunder rumbled off in the distance. One of the younger kids focused on the little light and said, "Wow! That little candle lights up the whole room. We don't even need the lights anymore!"

Small acts of kindness go a long way in making our world better. They cost nothing, yet make a valuable contribution to developing people's positive attitude and outlook on life. So hold the door for someone. Say hello to a passer-by. Give the paper carrier a tip. Tell your waitress she is doing a great job. Let someone go first in traffic or in line. You will see that little glow of appreciation and pride light up. Everyone will feel better and maybe even pass it on.

Just a little faith can change the world, too. The promise of prayer, a simple 'God bless you' or the willingness to share your belief can change a life. The motto of The Christophers says, "Better to light a candle than curse the darkness." Bring the light of faith, kindness and generosity to your world. Don't underestimate your power to make a difference, one little light at a time.

A Prayer to Love One Another

Bless us with Love, O Merciful God; That we may Love as you Love!

**That we may show patience, tolerance, Kindness,
caring and love to all!**

Give me knowledge; O giver of Knowledge,

That I may be one with my Universe and Mother Earth!

O Compassionate One, grant compassion unto us;

That we may help all fellow souls in need!

Bless us with your Love O God. Bless us with your Love. Amen.

Jesus tells us to love one another as he loves us. This Prayer to Love One Another asks for the grace to do just that. The original author of this prayer is unknown.

THIS WEEK'S SAINTS

Monday, July 11 - St. Benedict, Abbot - A humble monk whose life remains largely unknown, yet he left a massive legacy. Help each Christian in his home, church, and workplace to labor from the shadows to create light, to be the unseen cause behind great effects, and to light lamps that guide others through the darkness.

Thursday, July 14 - St. Kateri Tekakwitha, Virgin - We ask your humble and pious intercession to inspire all young people, especially girls, to attain the virtues which came so easily to you—to be uncomplaining, physically tough, contemplative in spirit, chaste in body, pious, and charitable to all.

Friday, July 15 - St. Bonaventure, Bishop and Dr. of the Church - Saint Bonaventure, you had few equals in knowledge, love, prayer, and virtue. Through your heavenly intercession, help all Catholics to progress toward union with God by the many paths you yourself walked so long before us.

Saturday, July 16 - Our Lady of Mount Carmel - an example of humble docility to the will of God, we seek your intercession to make us more prayerful, more detached, more recollected, and more committed to whatever God asks of us.

Grant, we ask you, Almighty God, that the examples of your saints may move us to reform our lives, that while we celebrate their feasts, we may also imitate their actions, through our Lord Jesus Christ. Amen.

TODAY'S GOSPEL REFLECTION: THE GOOD SAMARITAN

In today's Gospel Jesus is asked: Who is my neighbor whom I must love like myself? In the society of Jesus' time, with its distinctions between Jews and Gentiles, men and women, clean and unclean, this was a trick question. Jesus responds with one of the most beautiful of all the parables, the Good Samaritan. It is found only in Luke's Gospel.

The road from Jerusalem to Jericho descends 3,300 feet in just 17 miles. Its narrow passes and rocky terrain made it an easy place for bandits to wait for travelers. The traveler in this parable is identified only as "a certain man." Luke uses this phrase in many of his parables so that the audience, Jew or Gentile, could identify with the man. After the attack, the man is left for dead, naked and bleeding on the side of the road. A priest comes along, but rather than helping, as one might expect, he moves to the other side of the road. Another religious person comes along, a Levite who assists in the Temple. His reaction is the same as the priest's. Both of them choose to not even find out if the man is alive. A third person comes along. The listeners would probably expect him to be an Israelite. This would make the parable a criticism of the religious leadership. Instead he is a Samaritan, an Israelite's most hated neighbor. Samaritans were descendants of Jews from the northern part of the country, who had intermarried with Gentiles and did not worship in Jerusalem. The Samaritan not only goes over to the injured man but cleans his wounds, puts him on his own animal, takes him to an inn to recover, and promises to pay all his expenses. The hated enemy is the compassionate neighbor in this parable.

Jesus has demolished all boundary expectations. It is not social definitions such as class, religion, gender, or ethnicity that determines who is our neighbor. A neighbor is a person who acts with compassion toward another. The point becomes not who deserves to be loved as I love myself, but that I become a person who treats everyone with compassion. When Jesus asks the lawyer who was the neighbor in the story, the lawyer can't bring himself to say it was the Samaritan. All he says is that it was "the one who treated him with mercy." Jesus' response was similar to that of the first discussion: "Go and do likewise." The lawyer, and we, know what is right. The key is to do it.

This Sunday's Reading is a very, very popular one. "The Good Samaritan," raises a powerful question, "What does it mean to be a neighbor?"

When we walk with others as a neighbor, it is very powerful and can change people's lives...

QUESTIONS TO REFLECT UPON AND PRAY ABOUT THIS WEEK

How have I shown compassion recently?

Is there a person or a group of people whose pain I am avoiding?

Who has shown me compassion and helped me when I am down?

Ministry Moment: Ministries of Consolation and Bereavement

Seeds sown through The Grateful Discipleship initiative are being planted and nurtured! Grateful Discipleship asks a question of each of us, “Are my talents at work within the parish, actively building the Body of Christ?” In answer to this, here is more on the Ministries of Consolation and Bereavement, whose Mission is to accompany families and friends at a time of loss.

What: Enrichment Morning for The Ministries of Consolation and Bereavement

When: Saturday, August 6, 9:30 AM

Where: St Athanasius Parish Activity Center (PAC)

These combined ministries serve the needs of families and friends of the Reading Catholic Community in the work of preparing for and celebrating the funeral Mass, and continuing accompaniment by pastoral outreach in the following days and months. YOU can bring your talents to these Ministries if YOU:

- Serve or are INTERESTED in serving as a Liturgical Minister: Lector, Eucharistic Minister, Acolyte (altar server), or Sacristan at funerals
- Participate in a ministry such as the Prayer Shawl Ministry, or Golden Threads Ministry that provides support to those grieving through their talents of knitting
- Have an interest in pastoral outreach by way of the Card Ministry (newly developing Ministry) to offer words of comfort, to let those grieving know that their loved one is remembered by our Faith Community

Does the above speak to you? We invite you to join us for an enriching and informative discussion on caring for our families and friends at a time of loss. If you would like more information prior to the Enrichment Morning, please email questions, ideas, to BEREAVEMENT@ReadingCatholic.org

Please pray that these ministries bring the bereaved and the Ministers to a deeper understanding and experience of God’s unending, unconditional love for all.

*“One day we will each meet the Lord of the Universe.
What will we tell Him about the life we lived . . .
about how we treated His other children?*

SOME THOUGHTS ON SUMMER!

We often think summer is for downtime. However, in reality, summer can be just as chaotic as the rest of the year: vacations, house guests, kids' camps, home-improvement projects, sports, summer school, reading lists, child care scramble. And all this without jobs letting up for the adults in the house. There's a lot to hold together! Take a moment to let God into your space!

Away? Find a Mass wherever you (and) family may be on vacation: <https://masstimes.org/>

FAITH FACTS

THE SAMARITANS

The Samaritans were a mixture of Israelites and foreign settlers who disagreed with the other Israelites about how God should be worshipped.

The Samaritans would not worship at the temple in Jerusalem. They had their own temple on Mount Gerizim.

There was a lot of hostility between the Samaritans and the other Israelites. Most Jews looked down on the Samaritans.

It is interesting that Jesus told a story in which the "good neighbor" is a Samaritan.

IT'S LIFE CHANGING

Finally! A local practitioner is helping cancer survivors live lives free from the constant pain and suffering associated with **Peripheral Neuropathy!**

Irreversible is not a word you want to hear from your Doctor but it's a common one if you've been diagnosed with Chemotherapy-Induced Peripheral Neuropathy or CIPN.

Elliott S. of Burlington survived testicular cancer only to be living life in constant pain. He felt as though he were walking on pins and needles, becoming weaker and weaker every day. "I was beginning to be worried that one day I would be wheelchair-bound."

Nearly half of patients who undergo chemotherapy will develop Chemotherapy-Induced Peripheral Neuropathy or CIPN.

Chemotherapy meds travel throughout the body and attack cancer cells; sadly they can also cause severe damage to healthy nerves. CIPN can begin within weeks of starting treatment and can worsen as treatment continues. A high number of really unfortunate people will be forced to endure the symptoms associated with CIPN for months or even years after they've completed chemo.

When asked how CIPN was affecting his quality of life, he responded, "It was difficult to even walk up and downstairs and do other things we usually take for granted."

The most common symptoms include:

- **pain, tingling, burning, weakness, or numbness in arms, hands, legs or feet**
- **sudden, sharp, stabbing or shocking pain sensations**
- **loss of touch sensation**
- **clumsiness and trouble using hands to pick up objects or fasten clothing**
- **loss of balance and falling**

For some, their nerves will recover over time. For most, the nerve damage is 'irreversible.' Elliott had been told just that by a series of Doctors and specialists. Essentially they could cure his cancer but couldn't fix the damage done by the drugs used to cure his cancer.

Then Elliott made a call to Acupuncturist Min Jeon of AWC|Acupuncture & Wellness Clinic right here in Burlington, MA. Acupuncturist Min Jeon is using the time-tested science of Acupuncture and technology originally developed by NASA that assists in increasing blood flow and expediting recovery and healing to treat this debilitating disease.

After a series of treatments, Elliott was taking stairs with stride!

"We have a house and it has stairs. This morning I walked right down the stairs and got in the car," Elliot shared.

"I remember thinking, 'that's become mighty easy for me', I didn't have to hold on to the handrail or anything! It's life-changing to have this mobility back!"

Again and again, we meet with patients who were once diagnosed as "untreatable" or "incurable" but after receiving Min Jeon's treatments are now living lives free from pain and suffering. For over 20 years she has been reversing the effects of CIPN and other varieties of Peripheral Neuropathy, including that caused by diabetes without invasive surgeries and medications that come with uncomfortable side effects.

If you've recently beat cancer only to find that you're living a life in constant pain and discomfort or you're struggling with the same symptoms as a result of either Idiopathic Neuropathy or Diabetic Peripheral Neuropathy, Acupuncturist Min Jeon and the incredible team at AWC can help!

Min Jeon Lic. Ac. D.Ac is now accepting new patients but only for a limited time. In an effort to protect her patients, both current and future, she has made the difficult decision to limit the number of patients seen in her clinic. Call **(781) 221-0162** now to schedule a consultation.

IT'S LIFE CHANGING

Finally! A local practitioner is helping cancer survivors live lives free from the constant pain and suffering associated with **Peripheral Neuropathy!**

Irreversible is not a word you want to hear from your Doctor but it's a common one if you've been diagnosed with Chemotherapy-Induced Peripheral Neuropathy or CIPN.

Elliott S. of Burlington survived testicular cancer only to be living life in constant pain. He felt as though he were walking on pins and needles, becoming weaker and weaker every day. "I was beginning to be worried that one day I would be wheelchair-bound."

Nearly half of patients who undergo chemotherapy will develop Chemotherapy-Induced Peripheral Neuropathy or CIPN.

Chemotherapy meds travel throughout the body and attack cancer cells; sadly they can also cause severe damage to healthy nerves. CIPN can begin within weeks of starting treatment and can worsen as treatment continues. A high number of really unfortunate people will be forced to endure the symptoms associated with CIPN for months or even years after they've completed chemo.

When asked how CIPN was affecting his quality of life, he responded, "It was difficult to even walk up and downstairs and do other things we usually take for granted."

The most common symptoms include:

- **pain, tingling, burning, weakness, or numbness in arms, hands, legs or feet**
- **sudden, sharp, stabbing or shocking pain sensations**
- **loss of touch sensation**
- **clumsiness and trouble using hands to pick up objects or fasten clothing**
- **loss of balance and falling**

For some, their nerves will recover over time. For most, the nerve damage is 'irreversible.' Elliott had been told just that by a series of Doctors and specialists. Essentially they could cure his cancer but couldn't fix the damage done by the drugs used to cure his cancer.

Then Elliott made a call to Acupuncturist Min Jeon of AWC|Acupuncture & Wellness Clinic right here in Burlington, MA. Acupuncturist Min Jeon is using the time-tested science of Acupuncture and technology originally developed by NASA that assists in increasing blood flow and expediting recovery and healing to treat this debilitating disease.

After a series of treatments, Elliott was taking stairs with stride!

"We have a house and it has stairs. This morning I walked right down the stairs and got in the car," Elliot shared.

"I remember thinking, 'that's become mighty easy for me', I didn't have to hold on to the handrail or anything! It's life-changing to have this mobility back!"

Again and again, we meet with patients who were once diagnosed as "untreatable" or "incurable" but after receiving Min Jeon's treatments are now living lives free from pain and suffering. For over 20 years she has been reversing the effects of CIPN and other varieties of Peripheral Neuropathy, including that caused by diabetes without invasive surgeries and medications that come with uncomfortable side effects.

If you've recently beat cancer only to find that you're living a life in constant pain and discomfort or you're struggling with the same symptoms as a result of either Idiopathic Neuropathy or Diabetic Peripheral Neuropathy, Acupuncturist Min Jeon and the incredible team at AWC can help!

Min Jeon Lic. Ac. D.Ac is now accepting new patients but only for a limited time. In an effort to protect her patients, both current and future, she has made the difficult decision to limit the number of patients seen in her clinic. Call **(781) 221-0162** now to schedule a consultation.
