Important Questions	Answers	Why This Matters:
What is the overall deductible ?	\$500 Individual or \$1,000 Family	Generally, you must pay all of the costs from providers up to the deductible amount before this plan begins to pay. If you have other family members on the plan , each family member must meet their own individual deductible until the total amount of deductible expenses paid by all family members meets the overall family deductible .
Are there services covered before you meet your deductible ?	Yes. Some preventive care is covered before you meet your deductible.	This plan covers certain preventive care without cost-sharing and before you meet your deductible . See the Benefit Booklet for more details. The full list of preventive care services is found at https://www.healthcare.gov/coverage/preventive-care-benefits/ , but not all of the listed preventive care services are covered by this plan .
Are there other deductibles for specific services?	No.	You don't have to meet deductibles for specific services.
What is the out-of-pocket limit for this plan ?	\$3,000 Individual or \$6,000 Family	The out-of-pocket limit is the most you could pay in a year for covered services. If you have other family members in this plan , they have to meet their own out-of-pocket limits until the overall family out-of-pocket limit has been met.
What is not included in the out-of-pocket limit ?	Copayments on certain services, premiums , balance-billing charges, and health care this plan doesn't cover.	Even though you pay these expenses, they don't count toward the out-of-pocket limit.
Will you pay less if you use a network provider ?	Yes. See www.kp.org or call 1-800-533-1833 (TTY: 711) for a list of network providers .	This plan uses a provider network . You will pay less if you use a provider in the plan's network . You will pay the most if you use an out-of-network provider , and you might receive a bill from a provider for the difference between the provider's charge and what your plan pays (balance billing). Be aware your network provider might use an out-of-network provider for some services (such as lab work). Check with your provider before you get services.
Do you need a	Yes, but you may self-refer to certain specialists	This plan will pay some or all of the costs to see a specialist for covered services but only if
