

ST. AMBROSE CATHOLIC CHURCH

JUNE 16TH, 2024 | 16 DE JUNIO 2024

11TH SUNDAY IN ORDINARY TIME

This is how it is with the kingdom of God;
it is as if a man were to scatter seed on the land...
and the seed would sprout and grow, he knows not how.

Mk 4:26-27

El Reino de Dios se parece a lo que sucede
cuando un hombre siembra la semilla en la tierra;
y sin que él sepa cómo, la semilla germina y crece.

Mc 4, 26-27

Who is St. Ambrose?

I've always wanted to know more about him.

St. Ambrose, also known as Aurelius Ambrosius, was a prominent church figure in the 4th century. He was born around 340 AD and died in 397 AD. Ambrose served as the Bishop of Milan and is considered one of the four original Doctors of the Church, along with Augustine, Jerome, and Gregory the Great. He played a significant role in the development of Christian theology and doctrine, particularly in the Western Church. As Bishop of Milan, he was influential in combating Arianism, a heresy that denied the divinity of Jesus Christ. Ambrose is credited with the creation of Ambrosian chant, an early form of church music. He wrote numerous theological and exegetical works, including treatises on the sacraments and commentaries on the Bible. St. Ambrose played a pivotal role in the conversion of St. Augustine, one of the most influential Christian theologians. St. Ambrose is celebrated for his eloquence, pastoral care, and steadfastness in faith, and his feast day is celebrated on December 7.

Quien es San Ambrosio? Siempre he querido saber más de el.

San Ambrosio, también conocido como Aurelius Ambrosius, fue una destacada figura eclesiástica del siglo IV. Nació hacia el 340 d.C. y murió en el 397 d.C. Ambrosio fue obispo de Milán y está considerado uno de los cuatro Doctores originales de la Iglesia, junto con Agustín, Jerónimo y Gregorio Magno.

Desempeñó un papel importante en el desarrollo de la teología y la doctrina cristianas, sobre todo en la Iglesia occidental. Como obispo de Milán, influyó en la lucha contra el arrianismo, una herejía que negaba la divinidad de Jesucristo. A Ambrosio se le atribuye la creación del canto ambrosiano, una de las primeras formas de música eclesiástica. Escribió numerosas obras teológicas y exegéticas, como tratados sobre los sacramentos y comentarios sobre la Biblia. San Ambrosio desempeñó un papel fundamental en la conversión de San Agustín, uno de los teólogos cristianos más influyentes. San Ambrosio es célebre por su elocuencia, atención pastoral y firmeza en la fe, y su festividad se celebra el 7 de diciembre.
