First Sunday of Lent

This Lenten season begins with the contrasting images of the desert and floodwaters. We live in the paradox of these images needing to go into the desert of fasting, prayer, and self-denial in order to relearn the covenant way of life we entered through the waters of baptism. Now is the time to turn from the flood of distractions that can drown us. Now is the time to remember and reverence our dignity and the dignity of every human person. Now is the time to set aside anything that diverts us from our true hunger and thirst for God alone and his covenant of love with all humanity.
