

## **Pocket Notebooks**

Hand out small notebooks the beginning of the year. Or make them.

You can also add \$1-photo albums and assorted prayer cards

One idea:

Each class, after the opening prayer and reading aloud the scripture, students copy in their notebooks a verse from the prayer or reading that they liked. If they want they can also share with the class. Ask the students to use their verses in their notebook or the prayer cards (given out in class) as part of their night prayer during the week, and to use the albums to keep collecting prayer cards. Some students said that they were praying at home with them.

Another idea: Besides writing their favorite scripture, they can also compose prayers. Prayers to the Holy Spirit, to God, to Jesus, Mary & saints (especially their Confirmation saint)
