

St. Patrick's Stained Glass Club

The SPS Stained Glass Club will begin this year on Thursday September 14, 2023. We will meet on Thursday afternoons from 2:30 to 4:30 in the stained glass shop located in the rectory center behind the school.

All new members will learn the Tiffany technique of making stained glass creations in a fun filled, safe environment. Students in the 6th grade and above are welcome to participate.

In order to become proficient in the craft, each new person's first project is a simple cross which they may keep. There will be no charge for projects made for the club's inventory which can be sold at fund raising sales throughout the year. The price of each project to be kept by a member will be determined before a project is started and its cost will be that of the materials needed for the project, typically \$15 - \$25.00 each. All experienced members may either make projects for the club's future sales or a project for themselves.

All schedules, special announcements, etc. are made by email so please check your email regularly. We might be attempting to make some communications this year by texting and other social media sites. Please let us know if your email or cell numbers change.
