

After School classes

During Bricks 4 Kidz STEM after school classes we use LEGO® bricks to learn, build, and play.

Kids build a LEGO® model with moving parts each week that incorporates STEM concepts, religion and is based on an exciting theme.

They will take home a customizable LEGO® Minifigure at the end of the session!

Register directly through St. Patrick School.

Spring 2024 Program

6 class session

\$99 for all 6 classes!

Classes take place Tuesdays:

March 19, 26

April 16, 23, 30

May 7

2:25pm - 3:25pm
