TESTIMONIALS

QUEEN OF PEACE CATHOLIC SCHOOL

Give the Gift of a
Catholic Education

TESTIMONIAL #1

"The voucher program has enabled us to send our children to Queen of Peace, a significantly better school than the options provided to us by the Public School system. One of our considerations in whether or not to have more children has always been if we would be able to send them to receive the same higher-quality education that my wife & I received from our own Catholic Education. Knowing that the voucher program exists and can allow us to choose where our children can attend school has made a large part of the decision-making process to "...be fruitful, and multiply..." (Genesis 9:7) significantly easier. The SGO is the entryway into the voucher program and has served us wonderfully to allow us to start the process of Catholic Education for our children."

TESTIMONIAL #2

"We are thankful that the Choice Scholarship Program is available to assist families like ours. We have been able to send our children to the school that is the right fit for them. The teachers have high expectations and the students rise to meet them. Strong academics, discipline, values, and service to others are a part of what they learn everyday. There is a true sense of community and the atmosphere gives the children the freedom to be themselves. Our son is especially gifted in math. The Choice Scholarship provided him with an opportunity for independent study in a high school math program, while still in middle school. For our daughter, the voucher program provides stability. Knowing that she will be able to stay at the school that she loves without the threat of having to change schools again gives her the freedom to focus on her schoolwork and she is doing very well. The Choice Scholarship Program is having such a positive impact on our children's education and personal development and for that we are so grateful."

TESTIMONIAL #3

"Our son received an SGO award his kindergarten year. At the time, the school choice voucher program was just beginning, and there were things that were still unclear regarding this program. What we know now though, is because of him receiving an SGO award, and due to the changes to this program, our family was able to benefit from the school choice voucher program for the 2013-2014 school year. We feel extremely blessed that our children are benefiting from this program and are able to attend our school of choice--Queen of Peace Catholic School."
