Inside the Issue

## CARE RECEIVERS

A support & services survey is being administered by volunteers. The survey will help us to evaluate the services provided and plan for future offerings.

## GALA UPDATE

This year's young adult honorees attended a luncheon and toured the Guild's Campus. They learned more about their impact on the community as well as how they might continue to help Mount Carmel Guild.

## AGING IN PLACE APPEAL

Raising \$18,000 for our Home Health Nursing Program by September 6th is our goal! The Rotary Club of Trenton has offered a challenge grant -- 50% match for any donation up to \$1,000. Can you help?

## NATIONAL CIVILITY MONTH

August is "National Civility Month," and this observance reminds us to treat customers, co-workers, family, neighbors and strangers with courtesy and respect - especially when others have differing views or opinions. By listening respectfully, you'll state your issues clearly and you'll be open to compromise.

So remember to treat others just as you would want to be treated!

## PANTRY NEWS

Mount Carmel Guild is grateful to receive deliveries of fresh fruits and vegetables. This is the time of year we all enjoy the harvests of fresh crops and our care receivers are no exception. Pictured are donations from Farmers Against Hunger.

In the month of July the pantry served 936 households with a 3 day supply of groceries. We continue to see a weekly need for support from members of our Trenton and Mercer County community.

## HOME HEALTH CARE NEWS

Our **Aging in Place Appeal** runs through Labor Day, September 6th. Raising \$18,000 for our accredited Home Health Nursing Program is our goal. We've been offered a **Challenge Grant** from The Rotary Club of Trenton who generously offered a 50% match up to \$500 for every donations made. Every gift up to \$1,000 will receive a 50% MATCH. Help us surpass our goal! Click here for more [information](#) or to [donate](#).

We are looking to hire an additional Home Health Care Registered Nurse. # VOLUNTEER NEWS

For the third year the Guild participated in the Mayor's Summer Youth Employment Program. "This is a call to action for employers from the City, nonprofit sector, and business sector to tackle youth unemployment in the City of Trenton by providing youth with meaningful first-time entry-level work experiences during the summer." Thank you to the Princeton Mercer Regional Chamber for funding Jaiya Fields' internship and Millhill Child & Family Development for administration of the program. With the support and guidance of our supervising volunteer Steve Mohary, Jaiya's all virtual internship will come to a successful conclusion mid-August.

## Steve Mohary

... retired from Johnson & Johnson Consumer Products Company after 42 years in Package Design and Development. Along with his wife, Gail, of 37 years, he is a resident of Pennington, and member of The Catholic Community of Hopewell Valley. This father of two and grandfather of two stays very active by volunteering as a Member of the Linked Leadership Council overseeing the Senior Ministry and volunteering at Mount Carmel Guild on the Communications & Marketing Committee.

*"I have really enjoyed this experience! The most difficult thing for me was the "Virtual Only" aspect of it. I consider myself a people person used to face-to-face interactions instead of Zoom meetings. I still hope to meet her in person someday. Our interactions have been pleasant, positive, and productive. I think she's had to come out of her shell a bit and to be more confident in herself. Making direct contact with the parishes in the Diocese of Trenton to update contact information can be daunting. I feel very good about how we've managed this internship and I only hope I have provided the proper support and mentorship to her. This has truly been a positive learning experience for me!"*

## Jaiya Fields

... is a 2021 graduate of the Foundation Collegiate Academy, Trenton. Jaiya will be attending The College of New Jersey this Fall seeking a degree in childhood education. She was a Recipient of John D. Henry Award, participant in the Minding Our Business Program (3rd place in Business Plan Competition), and recipient of Teacher's Choice Award for ballet. She was also active in cheerleading, soccer, and track at FCA.

*"Overall the summer internship was very good! I had a great experience because I got to develop my communication skills and computer skills and had a good time while doing it. I recommend this program to all youth because it's a way to open up and learn things throughout the summer."*
