President, Brian Polark:

Questions regarding girls basketball and the combination of 5/6th and 7/8th.

Can a player be on two rosters? No, the league does not allow this to happen. The players are not allowed to be on two team's rosters. During the "covid years" there was some gray area moving players around on rosters. If a player plays up in the event of illness of 4 or fewer, the game can be played, however, game will be forfeited.

Communicate this to coaches-. Players may be on one team only.

A and B teams- Boys tryouts, had evaluations, president communicated to parents of 6th grade boys to explain the evaluations based off of bylaws.

The benefit of having two teams is that more players get more focused time.

A discussion to examine the bylaws surrounding the evaluations. They Bylaws can be amended in February. Some discrepancies between booster bylaws and the gccys bylaws regarding playing time.

Middle school coaching volunteers for the future. Difficult to find coaches. Do we consider paying an A team coach?
